EXECUTIVE SUMMARY

The City Parking and Transit Divisions utilize sweeping services in the downtown parking garages, parking lots, and the two transit hubs in order to keep these areas free and clean of debris in order to provide a more enjoyable experience for all those who use these City maintained facilities. The current GSA is set to expire on August 31, 2018.

Additionally, multiple extension options are available to the City as written within the original GSA not to exceed a total of three years. The City wishes to exercise the lone two-year renewal option and add compensation in the amount of \$140,380.64 for sweeping services. This is the first renewal option to be exercised and the City will have one additional option year remaining at the conclusion of Amendment 1, if approved. The sweeping services to be performed include sweeping the City parking garages, parking lots, Westside Transfer Center and Downtown Transit Mall.

The GSA includes provisions that sweeping services shall be provided in accordance with all City ordinances and applicable federal, state and local laws and shall comply with
