Manager, Housing and Community Services

Project-Based Voucher RFP

- Decreasing voucher utilization; increasingly competitive rental market conditions are an HCV program challenge
- Project-basing vouchers can increase HCV utilization and encourage development of new affordable housing
- PBVs must be awarded through competitive process
- An RFP for up to 100 vouchers must be approved by Housing Authority and HUD
- Developers may apply for PBVs and other HA funding concurrently

Recommendation

- Housing and Community Services recommends that the Housing Authority approve the release of a Request for Proposals for Project-Based Housing Choice Vouchers
