

RESOLUTION NO. \_\_\_\_\_

RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF SANTA ROSA  
RECOMMENDING TO CITY COUNCIL ADOPTION OF A NEGATIVE DECLARATION FOR  
ZONING CODE TEXT AMENDMENT TO AMEND ZONING CODE CHAPTER 20-31, DENSITY  
BONUS AND OTHER DEVELOPER INCENTIVES, TO BE CONSISTENT WITH UPDATES TO  
CALIFORNIA GOVERNMENT CODE SECTION 65915, STATE DENSITY BONUS LAW, AND  
TO EXTEND STATE LAW WITH A SUPPLEMENTAL DENSITY BONUS OF UP TO 100%  
WITHIN THE BOUNDARIES OF THE DOWNTOWN STATION AREA SPECIFIC PLAN AND  
THE NORTH SANTA ROSA STATION SPECIFIC PLAN - FILE NUMBER REZ18-004

WHEREAS, since the last amendment to Santa Rosa Code Chapter 20-31, Density Bonus and Other Developer Incentives, was adopted in 2010 and last amended in 2012, several amendments have been made to State Density Bonus law, California Government Code Section 65915, including the adoption of Assembly Bill 2222 on September 27, 2014, Assembly Bill 744 on October 09, 2015, and Assembly Bills 2501, 2556, 2442, and 1934 on September 28, 2016; thus making Chapter 20-31 inconsistent with State law; and

WHEREAS, in 2016 the City Council accepted the Housing Action Plan to address local ongoing unmet housing needs and to implement the City's General Plan Housing Element. Program #1 of the Plan directs development of a Zoning Code Text Amendment to address inconsistencies between Zoning Code Chapter 20-31 and recent changes to State Density Bonus law, and to consider appropriate additional density above the State-provided 35%, with consideration of up to 100% supplemental density bonus; and

WHEREAS, the Environmental Coordinator, with assistance from environmental consulting firm M-Group, has conducted an Initial Study on the possible environmental consequences of the proposed Project, which study was completed on June 28, 2018; and

WHEREAS, the Initial Study, in its final form, did not identify any significant effects on the environment which would result from the proposed project, thus based upon this determination, a Negative Declaration was prepared for the subject project; and

WHEREAS, a notice of Negative Declaration was thereafter duly posted July 5, 2018 through July 24, 2018, and an opportunity for comments from the public was given; and

WHEREAS, the Planning Commission of the City of Santa Rosa has reviewed and considered the Initial Study, the findings and determinations of the Environmental Coordinator, the proposed Negative Declaration dated June 28, 2018 and revised on September 14, 2018, attached hereto and incorporated herein as Exhibit A, the staff reports, oral and written, and the comments, statements, and other evidence presented into the record by all persons, including members of the public, who appeared and addressed the Planning Commission at the public hearings held on July 26, 2018, and on October 25, 2018, and all comments and materials submitted prior thereto; and

WHEREAS, the Planning Commission of the City of Santa Rosa determined the revision to the Negative Declaration to reflect the revised project restricting the areas eligible for a supplemental density bonus to the boundaries of the Downtown Station Area Specific Plan and the North Santa Rosa Station Area Specific Plan, is not a substantial revision, as defined in Section 150753.5 of the State CEQA Guidelines and recirculation of the Negative Declaration is not required. The revised project description was developed in response to written and verbal comments, and the reduction in the Supplemental Density Bonus area does not create any new avoidable impact nor is it required to reduce a new avoidable significant effect to a level that is not significant; and

WHEREAS, the Planning Commission has before it all of the necessary environmental information required by the California Environmental Quality Act (CEQA) to properly analyze and evaluate any and all of the potential environmental impacts of the proposed project.

NOW, THEREFORE, BE IT RESOLVED that the Planning Commission of the City of Santa Rosa, based upon the findings and the records and files herein, hereby determines that the proposed ordinance amending Zoning Code Chapter 20-31, Density Bonus and Other Developer Incentives, will not have a significant effect upon the environment, and hereby recommends to the City Council certify the Negative Declaration.

REGULARLY PASSED AND ADOPTED by the Planning Commission of the City of Santa Rosa on this 25th day of October 2018, by the following vote:

AYES: ( )

NOES: ( )

ABSENT: ( )

ABSTAIN: ( )
