CUP16-087	Fleuron, Inc.	Establish indoor cannabis cultivation operation within existing 10,9720 square foot commercial building at 60 Maxwell Ct. (APN 010-131-033). It will operate from 8 am to 5 pm, 7 days a week, and will employ 8 cultivation workers, 1 office manager and 1 general manager. It will not be open to the public. A private security service will monitor the site 24/7 with two security personnel on-site during operation hours. The building will be partitioned into rooms for plant cloning, growth of stem and leaves (vegetation stage), and the growth of plant buds (flowering stage). Harvested flowers will be dried, processed (trimmed) and cured in separate rooms, which will be sealed and equipped with odor control and air purification systems. New exterior lighting, surveillance cameras and fencing with concertina wire will establish a security area on the west and south side of the building. There will be 12 restriped parking spaces, and employee and shipping entrances. The fenced security area will also separate the indoor cannabis cultivation operation from the second building on the same property to the south.	12/08/2016	Approved	Brandon Levine	Andy Gustavson AGustavson@srcity.org
