

Community Baptist Church Faux Steeple and Building-Mounted Minor Telecommunications Facility Minor Design Review

Design Review Board

December 6, 2018

Bill Rose
Supervising Planner, Development Services
Planning and Economic Development

Minor Design Review for:

- Faux Steeple
 - attached to existing church building
 - 54-feet tall
 - 12-foot by 12-foot building footprint
- Ground Lease Area
 - 225 sq. ft. ground lease area for ground-mounted ancillary equipment
 - 6-foot tall composite wood privacy fence around perimeter

Zoning Code § 20-60.080(B)(8):

- Lack of defined standards for steeple/tower
 - Design Guidelines
 - Zoning Code
- Authority of the Director includes:
 - Refer, at the Director's sole discretion, any of the above or other matters to the Commission for its review and action, and to notify the applicant of the referral
 - Policy is to apply this discretion to all review authorities
 - Applicant was notified of referral

Environmental Review

California Environmental Quality Act (CEQA)

- CEQA Exemptions approved by ZA resolution
 - Section 15301, Class 1—Existing Facilities
 - Section 15303, Class 3 —New Construction or Conversion of Small Structures
- Section 15300.2—Exceptions, subsection (f) Historical Resources
 - Historic Resource Evaluation (HRE)
 - Recommended “not eligible” for NRHP or CRHP listing

- Proposed Steeple Height
 - Original proposal – 62 feet tall with 8-foot square footprint
 - Revised proposal – 54 feet tall with 12-foot square footprint
- Building height limits may be exceeded by towers, gables, spires and similar structures
 - No portion of the structure that is over height limit shall cover an area greater than 15 percent of the building footprint area
 - No tower or similar structure, shall be used for sleeping or eating quarters, nor for any commercial purpose other than is incidental to the use of the habitable space within the building

- Objection to the proposed use of the land for a building-mounted telecommunications facility
 - Questioned if the facility is necessary
 - Referred to potential health impacts of locating a facility within close proximity to residential land uses.
- Objection to design and location of the proposed faux steeple
 - Questioned why the faux steeple is needed
 - Expressed concern about the proposed height of the faux steeple
 - Suggested that the faux steeple be moved to the rear or side of the church building.

It is recommended by Planning and Economic Development Department that the Design Review Board approve Minor Design Review for the faux steeple and screening of the ancillary equipment area proposed in conjunction with the building-mounted minor telecommunications facility.
