

CITY OF SANTA ROSA
BICYCLE AND PEDESTRIAN ADVISORY BOARD
STAFF REPORT
May 16, 2019

SUBJECT

Bicycle and Pedestrian Master Plan Update
2018 – Draft Implementation Framework &
Prioritization

ISSUE

The Board may provide input on a Draft
Implementation Framework and Prioritization
for the Plan Update.

STAFF PRESENTER

Nancy Adams, Transportation Planner

RECOMMENDATION

This item is for Board discussion. No action is
required.

BACKGROUND

At the Bicycle and Pedestrian Advisory Board (BPAB) meeting on April 18, 2019, staff presented the following implementation components of the Plan Update to the Board:

- a. Goals – Performance Measures
- b. Policies – Actions
- c. Citywide Projects – Wayfinding, Bicycle Parking, Pedestrian Scale Lighting and Amenities
- d. Citywide Programs – 4 E's
- e. Policy Changes – Vision Zero, School Zone Speed Limits, Vehicle Miles Traveled, Street Sweeping, Vegetation Maintenance, Waste Bin Placement, Bicycle Parking at Large Events.

Based on staff's suggestion, the Board created a subcommittee to begin discussing the implementation framework and prioritization. The subcommittee (Doug McKenzie, Elizabeth Ridlington and Minona Heaviland) met on May 3, 2019.

ANALYSIS

1. Staff has consolidated the implementation components of the Plan Update into a draft list which identifies the party/parties responsible, and the time frame for implementation for each action. This information will be provided at the meeting.
2. Staff and the subcommittee will provide a summary of the discussion from the May 3rd meeting.

RECOMMENDATION

This item is for Board discussion. No action is required.
