NOTES:

The initial small 1890 house was repeatedly remodeled and added onto over the last century and the street side facades were covered with aluminum siding, negating its original historic value. The proposed new house honors the historic context of the neighborhood with a simple footprint, classic bayfront windows, front and rear porch, and Queen Ann style decorative trim. Typical of construction in the West End Historic District, the new 2-car garage replacing the old streetfront garage and carport will be detached and located at the rear of the new house, accessed by a side driveway. The proposed Carriage Style will allow a second dwelling unit above. The new buildings will be energy-efficient, employ green construction, have solar panels, and allow more area for water-conserving landscaping. The setback on Pierson Street will be increased from the original 5 feet to 10 feet, opening up the corner for greater visibility of traffic on both West 6th and Pierson Streets.

DESCRIPTION:

APN: 010-166-004-000
AP Map: 01016
Lot Area: 6500 S.F.
Zoning Code: R-1-6-H-SA
General Plan Land Use: Low Residential
Seismic Zone: 5
