Program Narrative

The City of Santa Rosa's 2019 JAG grant application under CFDA 16.738 is not considered a disparate allocation; as a result, the City of Santa Rosa is submitting a single application for \$46,518.

Background

The City of Santa Rosa (City) is located fifty-five miles north of San Francisco and is the largest city between San Francisco, California and Portland, Oregon. Santa Rosa is in the heart of Sonoma County and is home to several regional, state, and federal offices and the county seat for Sonoma County. Once primarily an agrarian community, Santa Rosa has evolved into a more industrial and urban community and is home to several large technology corporations and numerous smaller businesses. The daily population increases to more than 200,000 during work hours due to commuting workers on the new SMART railway, major shopping centers, hospitals, regional trauma center, a large Junior College, regional medical facilities and financial institutions, as people travel in from neighboring communities.

The Santa Rosa Police Department (Department) was formed in 1867 and incorporated in 1868. In its first one hundred years the Department grew from three town marshals to a staff of fifty-five. The next forty years produced an impressive organizational growth to the present-day staff of 256.50 sworn and civilian employees, who serve a population of over 180,000. The Department is overseen by the Chief of Police who is supported by two captains and two civilian managers. The balance of employees are comprised of lieutenants, sergeants, police officers and civilian supervisors and staff. The City of Santa Rosa is divided into 9 zones for patrol purposes.

Proposed Program Activities

Safety Equipment Purchases: 40mm less lethal launchers (45 items)

The purchase of this equipment will increase the safety of the officers and community, which is the top priority of the department. The 40mm less lethal launchers will be placed in every marked patrol vehicle and will be mounted in a rack for safe keeping and easy access. This

device will provide a less lethal option for a greater distance than the current electrical devices can.

The purchase will be completed using a RFP to select the most qualified vendor with the best price option. The solicitation will be advertised for a minimum of two weeks, and is anticipated to be posted within 6-months of the grant award. With the grant funds we plan to purchase 45 units at a cost of \$1,000 each. The department currently has 81 vehicles so this will enable us to outfit more than half of our vehicles with this less lethal option.

Grant Program Accountability Measures:

The grantee will report on the relevant General Information, Activity-Program Selection, Program Module and semi-annual Goals and Objectives in accordance with the applicable JAG Accountability Measures in the BJA Performance Measurement Tool (PMT).

Coordination of Related Justice Funds and JAG Funds

The City of Santa Rosa does not anticipate any coordination of related Department of Justice funded projects and 2019 JAG funded projects.

| This equipment will assist officers with enforcing state and local laws. These 40mm less lethal launchers will be placed in the each officer vehicle and can be utilized as a less lethal option when needed. These will provide officers with additional safety measures and will allow them to choose the right tool for each situation. We recently purchased two of these items to help determine if this was something that would be a useful addition to our equipment. After officers and command staff tested the devices it was determined that this would be required equipment in all marked police vehicles. The cost estimate of \$1,000 each, for a total cost of \$45,000 was based off of the recent purchase and includes taxes and shipping fees. Since the quantity of items is much larger than previously purchased we will put this procurement out to bid with a RFP process, and select the lowest bidder per City procurement policy. The remaining funds of \$1,518 will be used for the required NIBRS 3% set aside . Our department has been working towards obtaining a new records management system that will assist the agency on submitting the required reports. This additional computer will aid the staff in the ability to complete this transition. This computer will be purchased using the City-Wide contract for computers with Dell. The cost estimate of \$1,518 is based on prior purchases of computers for the department. | | | | | |

**Information regarding Communication with the Department of Homeland Security (DHS)
and/or Immigration and Customs Enforcement (ICE)**

1. Does your jurisdiction have any laws, policies, or practices related to whether, when or how employees may communicate with DHS or ICE?

- i. The Santa Rosa City Council declared Santa Rosa an Indivisible City which states that the police “shall not enforce federal civil immigration laws and shall not use city monies, resources or personnel to investigate, question, detect, detain or apprehend persons solely on the basis of a possible violation of immigration law.
- ii. The Police Department has a policy, #428 regarding immigration laws which states in part, “to preserve public safety it may be necessary for this department to coordinate with, share, or gather intelligence from federal agencies in order to apprehend a violent offender...Nothing in this policy is intended to prevent police officers from responding to requests for assistance in connection with officer safety, traffic control, or peacekeeping efforts.”

2. Is your jurisdiction subject to any laws from a superior political entity that meets the description in question 1?

- i. Police Department operates under California Senate Bill 54 which has guidelines for the reporting of undocumented citizens. SB54 states “A law enforcement official shall have discretion to cooperate with immigration authorities only if doing so would not violate any federal state or local law or local policy.”

3. If yes to either:

- a. Provide copy of each law or policy
 - i. See attached Policy 428
- b. Describe each practice
- c. Explain how the law, policy or practice complies with section 1373.

Section 1373 states that an official may not prohibit or in any way restrict any government entity or official from sending or receiving the Immigration and Naturalization Service information regarding citizenship or immigration status. The Santa Rosa Police policy, #428 and Senate Bill 54 both state that a law enforcement official shall have the discretion to cooperate with immigration authorities, which is what the Santa Rosa Police Department is currently doing.

Immigration Violations

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Santa Rosa Police Department for investigating and enforcing immigration laws.

Adopted 5-22-13 by Chief Thomas E. Schwedhelm.

Revised 6-30-17 by Chief Robert L. Schreeder.

428.2 POLICY

Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

Officers will not contact, detain, question or arrest an individual solely based on a suspected undocumented immigration status or seek to discover the immigration status of an individual. Pursuant to Government Code §§ 7282 and 7282.5, no individual who is otherwise ready to be released from custody by this department should continue to be detained for the sole purpose of notifying immigration authorities.

In some circumstances, to preserve public safety it may be necessary for this department to coordinate with, share, or gather intelligence from federal agencies in order to apprehend a violent offender. This coordination will occur only for the purpose of furthering the underlying criminal investigation.

428.3 DETERMINATION OF IMMIGRANT STATUS

Determination of immigration status is primarily the jurisdiction of the U.S. Immigration and Customs Enforcement (I.C.E.); United States Code Title 8 § 1304(e).

428.4 REQUESTS FOR ASSISTANCE BY FEDERAL AGENCIES

Nothing in this policy is intended to prevent police officers from responding to requests for assistance in connection with officer safety, traffic control, or peacekeeping efforts to maintain the overall health and safety of the public.

Requests by I.C.E. for assistance from this department shall be directed to a Watch Commander for approval. The department may provide available services where necessary to maintain the overall health and safety of the public.
