Chair Cisco and members of the Planning Commission,

After reviewing the staff reports, resolutions and presentations, here is a summary of the minor changes I have for the PC consent agenda on January 23, 2020 at this time:

Kerry Ranch 1 –

In the approving Resolution a date was changed to match the date of Exhibit A -- Conditions of Approval from Engineering.

Terrazzo at Fountaingrove –

In the approving Resolution it refers to Exhibits A and B; we added Exhibits A and B (conditions of approval from Engineering and Fire)

Oak Park Village –

No Changes

Ditty Downs –

In the approving Resolution it refers to Attachment A (Conditions of Approval from Engineering); we added the Attachment

Thank you,
