* Indicates jurisdictions approved to use 2017 PIT counts. All other jurisdiction allocations are based on 2019 PIT counts.

† Indicates jurisdictions expected to redirect allocations to their partnering CoC, large city (if applicable), or county.

No more than 40 percent of the total allocation for CoCs will be awarded to an individual CoC.

No more than 45 percent of the total allocation for cities will be awarded to an individual city.

No more than 40 percent of the total allocation for counties and no less than \$10,000 will be awarded to an individual county.

Governor Newsom Takes Emergency Actions & Authorizes \$150 Million in Funding to Protect Homeless Californians from COVID-19

Published: Mar 18, 2020

California is working across government to get homeless Californians – among the most vulnerable to spread of COVID-19 – safely into shelter & housing

Governor signed executive order granting local flexibility on spending and building shelters

State purchased 1,309 trailers and leased first two hotels to provide emergency isolation units for homeless individuals

SACRAMENTO – Governor Gavin Newsom today took a series of significant, additional actions to protect Californians experiencing homelessness from COVID-19. The State of California is providing emergency aid to local governments and implementing emergency protective measures to mitigate the spread of COVID-19 among this particularly vulnerable population, many of whom have no option to self-quarantine or isolate.

“People experiencing homelessness are among the most vulnerable to the spread of COVID-19,” said Governor Newsom. “California is deploying massive resources to get these vulnerable residents safely into shelter, removing regulatory barriers and securing trailers and hotels to provide immediate housing options for those most at risk. Helping these residents is critical to protecting public health, flattening the curve and slowing the spread of COVID-19.”

Today’s actions include:

- **Emergency Funding:** Governor Newsom directed the first allocation of the \$500 million in emergency funding recently authorized by the Legislature for COVID-19 related activities – \$150 million for local emergency homelessness actions. To deploy this first funding allocation, the state will provide:
 - \$100 million directly to local governments, for shelter support and emergency housing to address COVID-19 among the homeless population, and
 - \$50 million to purchase travel trailers and lease rooms in hotels, motels, and other facilities in partnership with counties and cities to provide immediate isolation placements throughout the state for homeless individuals.
- **Executive Order for Local Flexibility:** Governor Newsom signed an executive order providing flexibility to local governments to spend their emergency homelessness funding on immediate solutions tailored to combatting COVID-19 and its impacts on the homeless population. The Governor also waived certain regulatory barriers for any shelters or facilities built with this emergency funding.
- **Public Health Guidance for Homeless Shelters:** The California Health & Human Services Agency issued official public health guidance to homeless service providers statewide about social distancing measures in shelters, access to hygiene supplies, health screening protocols, and isolation protocols for people with COVID-19 or those demonstrating symptoms. That guidance is available [here](#).
- **Purchasing Trailers:** The state is immediately procuring 1,309 travel trailers from FEMA and private vendors to provide quarantine capacity – moving people out of shelters and into isolation placements, focused on people with COVID-19 or those demonstrating symptoms. The purposes of this emergency protective measure is to protect healthy people in those facilities and create capacity in the existing shelter network. These trailers will be deployed to California’s largest population centers.
- **Leasing Hotels & Motels, in Partnership with Counties:** The state provided California’s counties with tailored lists of hotels and motels that are potentially available to lease for the next several months. The state is also offering to contact hotels and negotiate leases, if a county requests that assistance. In total, the state has identified over 950 hotels across 53 counties that are potentially eligible for participation in the state’s leasing program. The state and counties have already begun outreach to these hotels and motels now, and when we identify a willing partner, we initiate lease negotiations with the owner.
- **First Hotel Leases:** Yesterday, the state executed hotel leases for the first two properties and is transferring control to Alameda County. This includes a total of 393 rooms in Oakland. These rooms will be put to use as emergency protective measures by the local governments as isolation capacity for homeless individuals who have tested positive for COVID-19 or are symptomatic, or otherwise at significant risk.

Unsheltered people living on the streets and those living in large shelter settings are particularly susceptible to COVID-19. The state has previously issued guidance that people 65 years of age and older and those with underlying medical conditions are particularly susceptible to having serious health impacts as a result of the virus, including higher mortality rates.

On Monday, the Governor issued an executive order that authorizes local governments to halt evictions for renters and homeowners, slows foreclosures, and protects against utility shutoffs for Californians affected by COVID-19. This order was in part a preventative measure to ensure that low-income Californians do not lose a safe roof over their head as a result of an eviction related to a loss of income or sickness due to COVID-19. The Governor hopes to see other local efforts to protect renters, low-income homeowners, and small businesses, following the leadership of local jurisdictions such as Los Angeles, San Francisco, Sacramento, and San Jose, which have already implemented or are working towards local measures.

Santa Rosa, CA 95403

**RE: Award Announcement - COVID-19 Emergency Homelessness Funding
Agreement #: 20-HCFC-00020**

Dear Barbie Robinson,

In response to the COVID-19 outbreak and to protect the health and safety of people experiencing homelessness, Governor Gavin Newsom signed SB 89 on March 17 allocating funding to help protect this vulnerable population. We are pleased to announce that Continuum of Care for Santa Rosa/Petaluma/Sonoma County has been awarded a grant in the amount of **\$575,095.92.**

This funding is immediately available as a result of swift action taken by the California State Legislature in unanimously approving SB 89 to help California fight the COVID-19 pandemic. Additionally, this is described in the March 18, 2020 letter from the Department of Finance to the Joint Legislative Budget Committee, pursuant to the provisions of Section 36.00, Chapter 2, Statutes of 2020, and the augmentation to Budget Act of 2019 Item 0515-101-0001. The purpose of this funding is to protect the health and safety of people experiencing homelessness and reduce the spread of the COVID-19 outbreak.

Specifically, this award is intended for investments into COVID-19 prevention and containment efforts for shelters, including, but not limited to, medically indicated services and supplies, such as testing and handwashing stations, and enhancements to existing shelter facilities. This will allow for proper social distancing and isolation to reduce the spread of COVID-19 among the homeless population. While eligible uses for funding are broad and should be determined based on the need of the jurisdiction, suggested uses include but are not limited to:

- **Emergency Shelter Operations** – furnishings, supplies, and equipment needed to maintain a sanitary shelter environment for clients and staff.
- **Shelter Capacity** – support for increasing shelter capacity and the acquisition of new shelters.
- **Isolation Capacity** – support for the acquisition/lease of hotels, motels, trailers, and other alternative isolation placements.
- **Street Outreach** – supplies and equipment needed to protect staff engaging with unsheltered from COVID-19 and to meet the urgent physical needs of people experiencing homelessness.
- **Transportation** – support for the transportation of those experiencing homelessness to and from shelters and medical care.
- **Staffing** – support for additional staff for infectious disease preparedness and case management for clients.

We also invite you to review guidance documents and the most up-to-date information for homeless assistance providers available on our website at <https://www.bcsb.ca.gov/hcfc/coronavirus19>.

The Standard Agreement along with instructions on how to fill it out are enclosed. Please review and follow the instructions thoroughly. Incorrect information provided may result in a delay of disbursement of funds. Continuum of Care for Santa Rosa/Petaluma/Sonoma County will receive its full disbursement of funds after the Standard Agreement is fully executed.

In an effort to ensure that these funds are immediately achieving their intent, we request that every jurisdiction execute and return this Standard Agreement no later than 30-days from receipt of this letter. For further information, please contact Amber Ostrander, HAAP Grant Manager at 916-651-7995 or by email at amber.ostrander@bcsb.ca.gov.

On behalf of Governor Newsom and our entire California State family, we thank you for all you are doing to protect and assist some of the most vulnerable members of our community.

Sincerely,

Lourdes M. Castro Ramírez, Secretary
Council Chair
