

## **RESOLUTION NO. DR20-023**

### **RESOLUTION OF THE ZONING ADMINISTRATOR OF THE CITY OF SANTA ROSA APPROVING A DESIGN REVIEW APPLICATION FOR CELL TOWER MODIFICATION FOR THE PROPERTY LOCATED AT 3950 DOUBLES DRIVE, SANTA ROSA, APN: 035-700-078**

The Santa Rosa Zoning Administrator has completed its review of your application. Please be advised that your Design Review to screen six RRUs (Remote Radio Units) on the outside of an existing church steeple and installation of a new chain link cover over the existing outdoor equipment area has been granted based on your project description and official approved exhibit dated May 5, 2020. The Santa Rosa Zoning Administrator has based this action on the following findings:

- The design and layout of the proposed development is of superior quality and is consistent with the General Plan and the City's Design Guidelines and the matter has been properly noticed as required by Section 20-52.050.E.2.a and no request for a public hearing has been received;
- The design is appropriate for the use and location of the proposed development and achieves the goals, review criteria and findings for approval as set forth in the Framework of Design Review;
- The design and layout of the proposed development will not interfere with the use and enjoyment of neighboring existing or future developments in that the exterior addition to the steeple will not be a visual nuisance and the new chain link cover over equipment area will prevent unauthorized entry;
- The architectural design of the proposed development is compatible with the character of the surrounding neighborhood in that the exterior change is well integrated into the design of the existing building, and is of similar color and style to surrounding buildings;
- The design of the proposed development will provide a desirable environment for its occupants, visiting public, and its neighbors through the appropriate use of materials, texture, and color and would remain aesthetically appealing and be appropriately maintained;
- The proposed development will not be detrimental to the public health, safety, or welfare or materially injurious to the properties or improvements in the vicinity;
- The proposed project has been reviewed in compliance with the California Environmental Quality Act (CEQA) and qualifies for a Class 1 exemption under Section 15301 in that the proposed project consist of minor alterations to an existing structure.

This entitlement would not be granted but for the applicability and validity of each and every one of the below conditions and that if any one or more of the below conditions is invalid, this entitlement would not have been granted without requiring other valid conditions for achieving the purposes and intent of such approval. The approval of the project is contingent upon compliance with all the conditions listed below. Use shall not commence until all conditions of approval have been complied with. Additional permits and fees are/may be required. **It is the responsibility of the applicant to pursue and demonstrate compliance.**

1. Obtain a building permit for the proposed project.
2. Construction hours shall be limited to 7:00 a.m. to 7:00 p.m. Monday through Friday and 8:00 a.m. to 6:00 p.m. Saturdays. No construction is permitted on Sundays and holidays.
3. Comply with all applicable federal, state, and local codes. Failure to comply may result in issuance of a citation and/or revocation of approval.
4. Comply with the latest adopted ordinances, resolutions, policies, and fees adopted by the City Council at the time of building permit review and approval.
5. Comply with Santa Rosa Engineering and Development Services conditions attached hereto and incorporated here as Exhibit "A", dated July 7, 2020.

This Design Review for minor modification to an existing steeple is hereby approved on this 16<sup>th</sup> day of July 2020. If conditions have not been met or if work has not commenced within two years from approval date, this approval shall automatically expire and shall be invalid unless an application for extension is filed prior to expiration. The approval is subject to appeal within ten calendar days from the date of approval.
