Please do not reply to all:

Chair Cisco and Members of the Planning Commission:

Please find a PDF attachment with a link to a video showing the applicant's support from their other location in Sebastopol as part of the official record. The Letters of Support were included in Attachment 7 of the Project packet. The applicant wishes to provide this video to the public as well as play the video during their presentation, if able.

Hi Adam -

For 755 Farmers Lane, I have attached support letters given to the Applicant over the past couple years from the neighbors of their current location in Sebastopol. Additionally, at this link there is a video I will be sharing with the Planning Commissioners about Solful and containing testimonials from neighbors and planning officials from their current location: <https://vimeo.com/373493851/1905b71a49>

As I will be sharing it with the PC, I believe it should be available or referenced in the file for the public to see as well. I do not currently plan on playing it at the meeting.

Let me know if you need anything.

Cheers,
Nick
