For Council Meeting of: November 10, 2020

# CITY OF SANTA ROSA CITY COUNCIL

TO: MAYOR AND CITY COUNCIL

FROM: FLANNERY BANKS, ASSISTANT ENGINEER, WATER

DEPARTMENT

BRANDALYN TRAMEL, PURCHASING AGENT

FINANCE DEPARTMENT

SUBJECT: GENERAL SERVICES AGREEMENT NUMBER F002195 -

SUMMIT PIPELINES, AUBURN, CA - CCTV SERVICE FOR

**ROSELAND STORM DRAIN PIPES** 

AGENDA ACTION: RESOLUTION

#### RECOMMENDATION

It is recommended by the Water and Finance Departments that the Council, by resolution, approve the General Services Agreement Number F002195 to Summit Pipelines, Auburn, CA, for CCTV services to the Roseland drain pipe system in an amount not to exceed \$128,200.

### **EXECUTIVE SUMMARY**

The City of Santa Rosa Water Department has a need to identify the present condition of storm drain piping recently incorporated as part of the Roseland neighborhood's annexation. The scope of work will provide closed circuit television (CCTV) inspection services for storm drain piping in the Roseland area.

### **BACKGROUND**

On August 10, 2020, the Purchasing division received a request from the Water Department to issue a solicitation for CCTV services for the Roseland drain pipes. On September 3, 2020, Purchasing opened Invitation for Bid IFB 20-83.

The storm drain pipes range from 10-inches to 66-inches in diameter. The approximate length of pipes to be inspected is 18.5 miles. However, the quantity of pipe to be inspected may be increased or decreased as determined by the Engineer, at no additional bid unit price cost to the City. Storm drain pipes identified as "Phase 1" on the maps in contract exhibits shall be prioritized with CCTV work being performed on these systems first. Storm drainpipes identified as "Phase 2" on the maps identified in

GENERAL SERVICES AGREEMENT NUMBER F002195 – SUMMIT PIPELINES – CCTV SERVICE FOR ROSELAND STORM DRAIN PIPES PAGE 2 OF 3

contract exhibits shall have CCTV completed as a secondary priority after the "Phase 1" storm drainpipes.

All CCTV work shall conform to current National Association of Sewer Service Companies (NASSCO) Pipeline Assessment Certification Program (PACP) standards. All reports and data from the CCTV inspections will be delivered entirely in electronic format per the Project's Technical Specifications within 30 calendar days after the completion of the field portion of the CCTV inspections.

## PRIOR CITY COUNCIL REVIEW

Not applicable.

#### <u>ANALYSIS</u>

On, September 3, 2020, Invitation for Bids (IFB) 20-83, solicited by the City of Santa Rosa for CCTV Roseland drain pipe services, was opened by Purchasing. Of the eighteen (18) prospective bidders, eight (8) responses were received and are listed below:
