\*about 1 BG less average

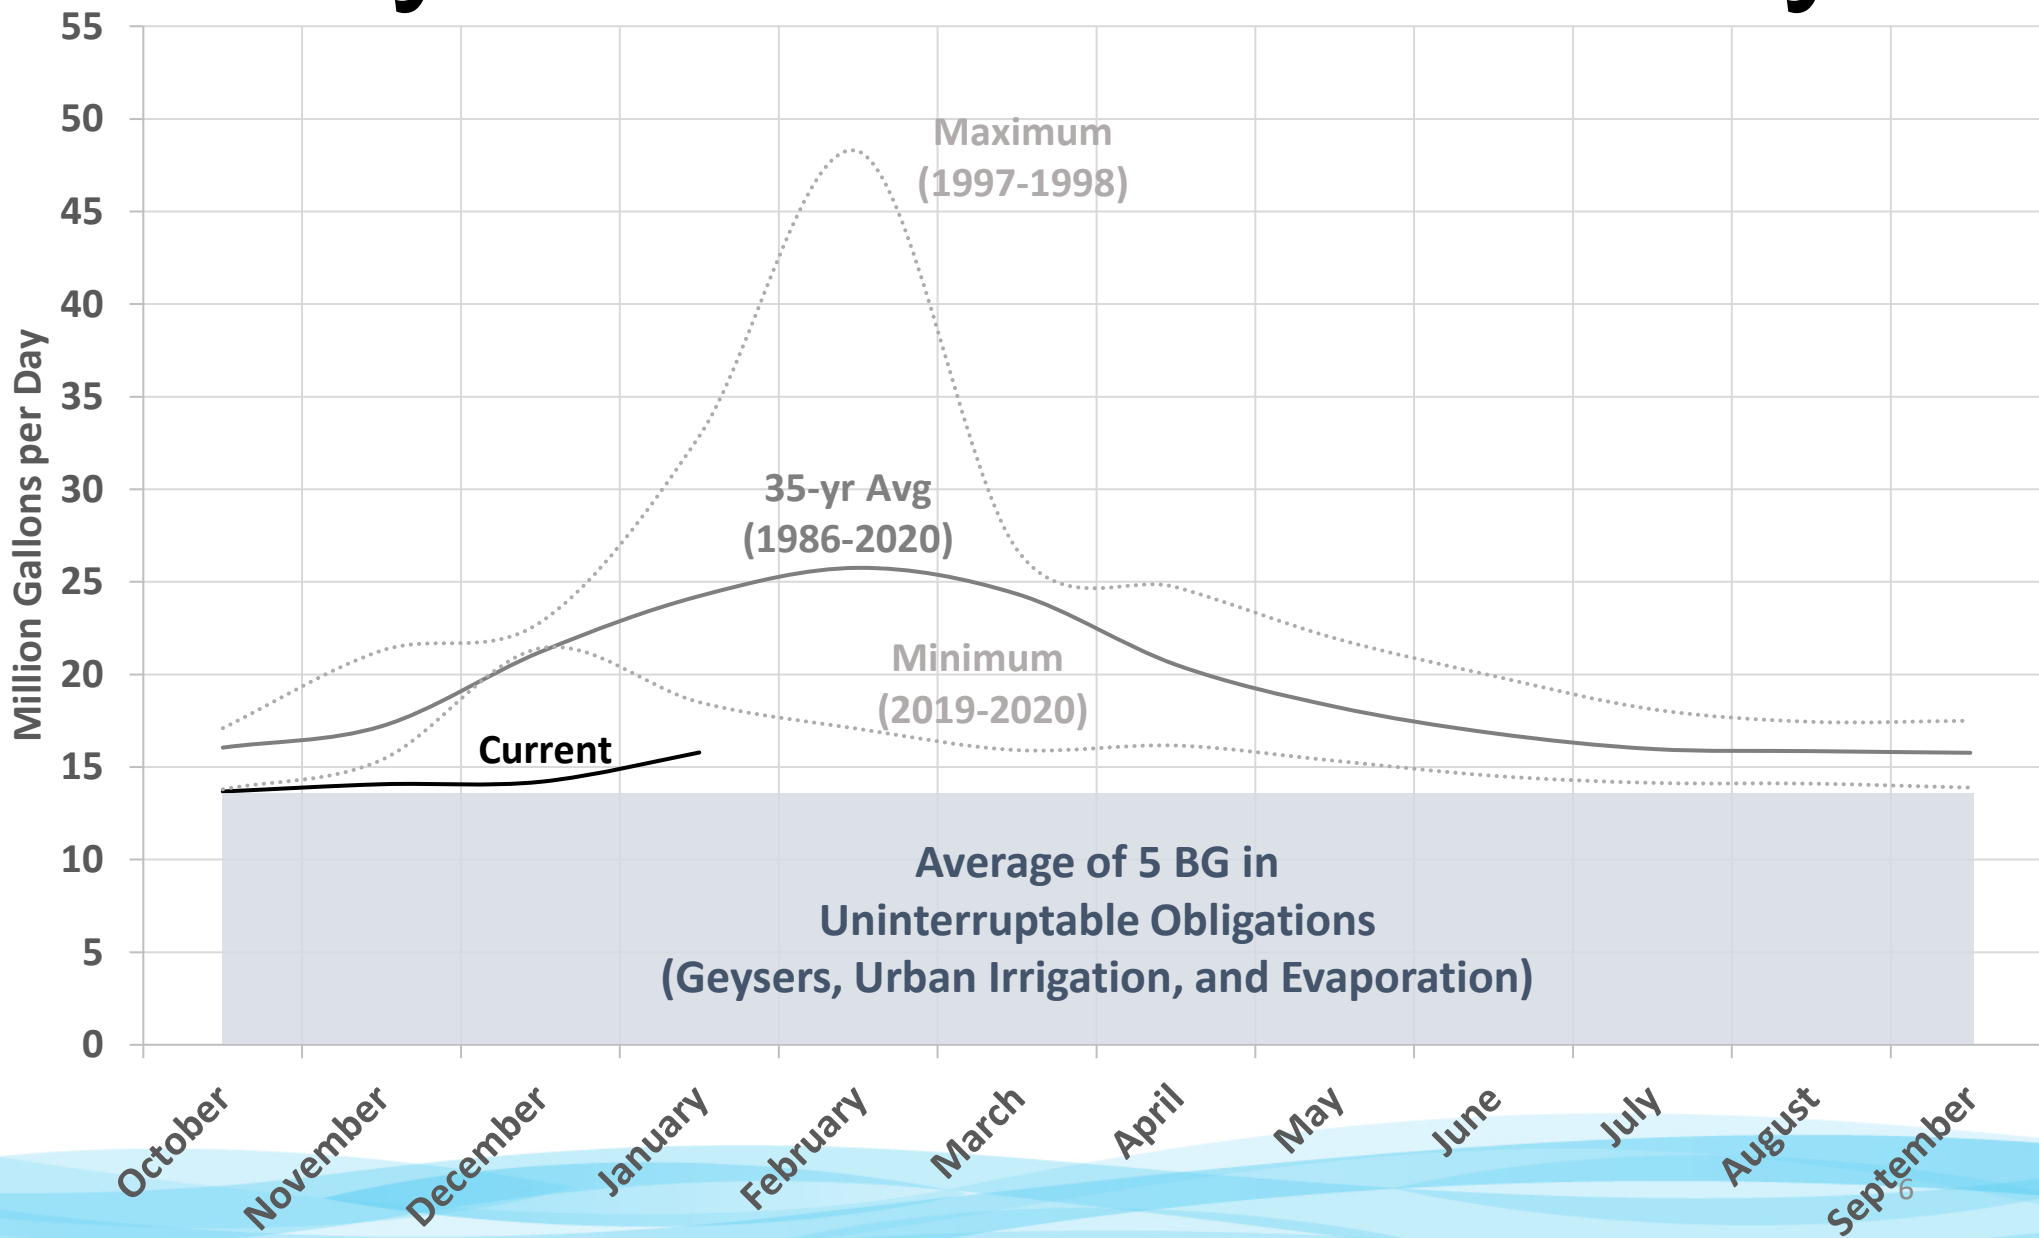

# Recycled Water Production

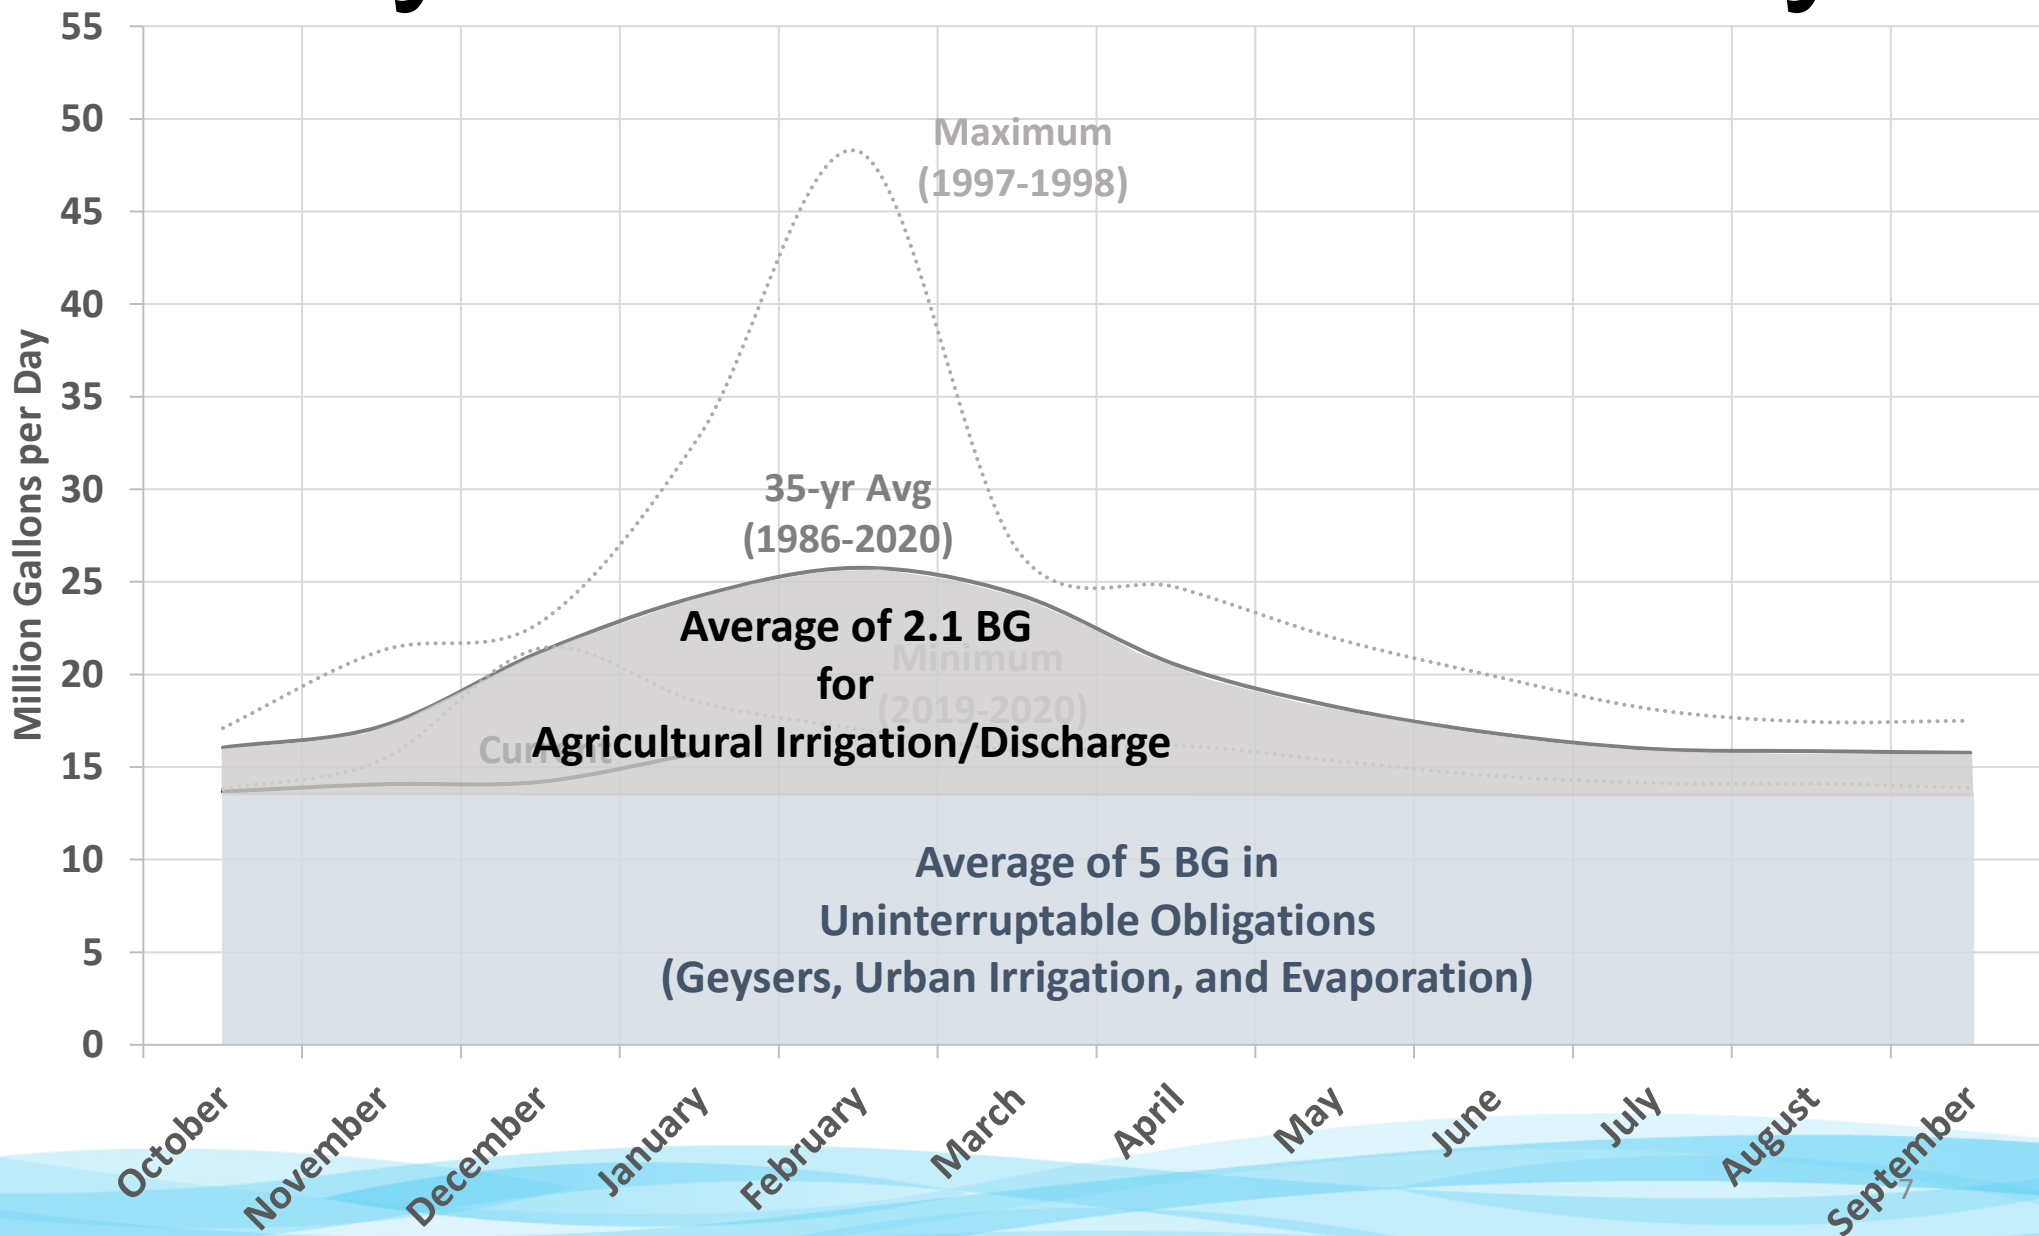

# Recycled Water Availability

# Recycled Water Availability

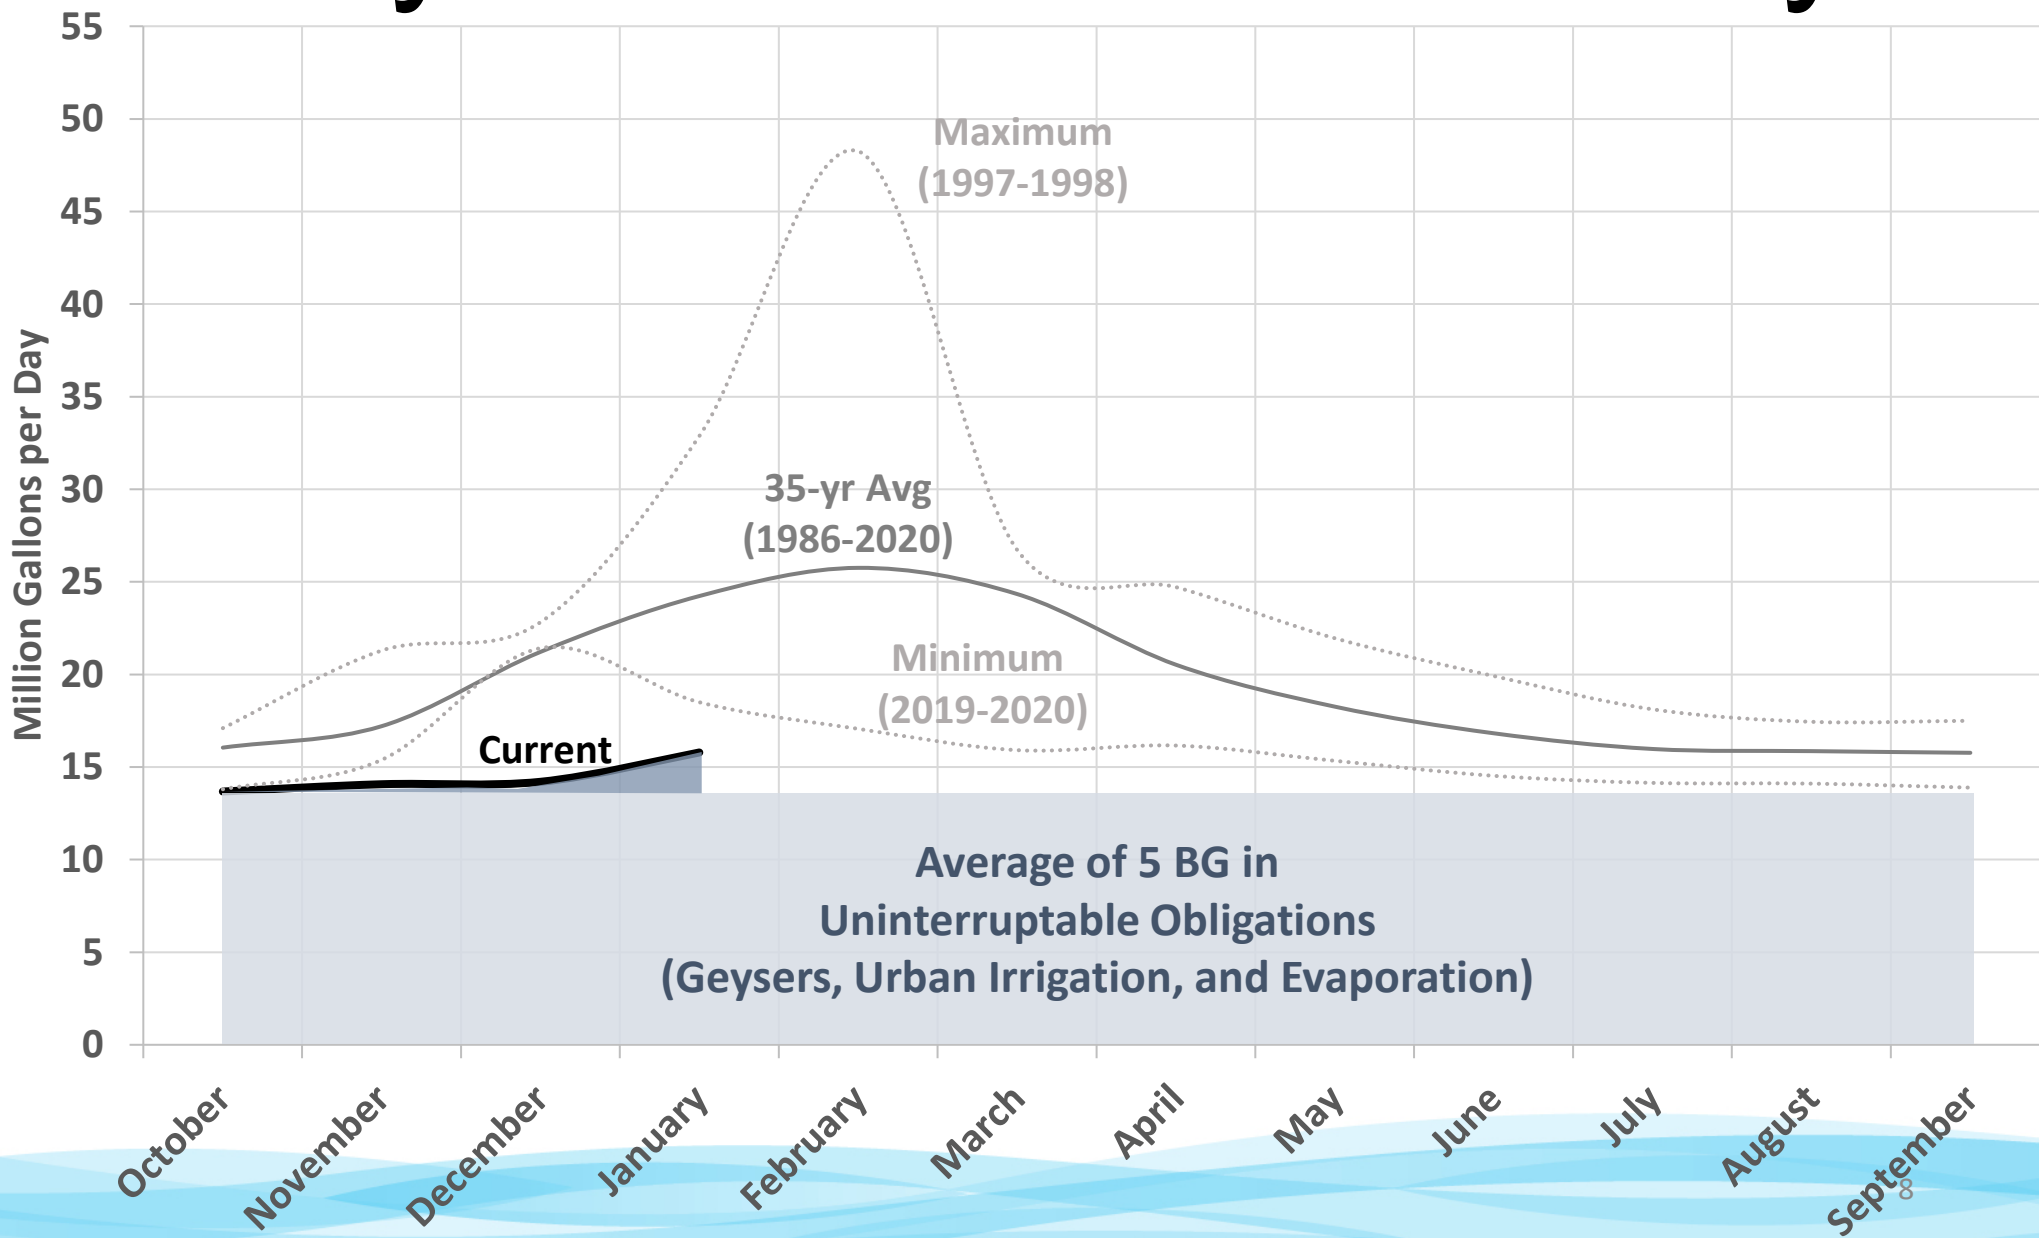

# Recycled Water Availability

# Recycled Water Availability

# Recycled Water Availability

- Preparing for Little/No Recycled Water for Interruptible Customers
- Ongoing Ag User Meetings and Updates
- Ongoing Cooperation with Regional Partners

# Current/Upcoming Projects

- Emergency Generator Radiator Replacement
- Geysers Expansion Joints Replacement
- Disinfection and Diversion Improvements

# Regional Organics Processing Facility Update

# Activities to Date

- Currently in an Exclusive Negotiation Agreement with Renewable Sonoma (RS)
- Zero Waste Sonoma (ZWS) and the City have draft Pre-development Agreements with RS
- RS Presented a Project Update to ZWS Board on Nov 18<sup>th</sup>

# Next Steps

- RS is in Negotiations with Proposed Equity Provider
- RS will Present updated Costs to ZWS once Equity Provider is under Contract
- ZWS and City will then move toward finalizing/executing PDAs with RS
