

RESOLUTION NO. 1234

RESOLUTION OF THE BOARD OF PUBLIC UTILITIES APPROVING ISSUANCE OF A PURCHASE ORDER FOR POLYMER BLENDING AND FEED EQUIPMENT UNITS TO VELOCITY DYNAMICS LLC, DBA VELODYNE, LOUISVILLE, COLORADO

WHEREAS, the Water Department, recognizing that the existing polymer blending equipment was reaching the end of its useful life and desiring a more competitive market for polymer, commissioned a study to recommend options for replacement; and

WHEREAS, the study concluded that an emulsion-style polymer system would result in a 30-year Net Present Value of \$800,000 less than a Mannich-style system and would provide the City an opportunity for competitive polymer selection; and

WHEREAS, a competitive solicitation under Invitation for Bids (IFB) 20-74 for the purchase of three (3) polymer blending and feed equipment units for the Laguna Treatment Plant was opened by the Buyer; and

WHEREAS, Velocity Dynamics LLC, dba Velodyne, Louisville, CO was determined to provide the lowest responsive and responsible bid.

NOW, THEREFORE, BE IT RESOLVED that the Board of Public Utilities of the City of Santa Rosa approve issuance of a Purchase Order for three (3) VeloBlend Liquid Polymer Blending Systems, model VM-1P-300-Rp-1-A-2, for the Laguna Treatment Plant to Velocity Dynamics LLC, dba Velodyne, Louisville, CO in the amount of \$149,650.

BE IT FURTHER RESOLVED that the Board of Public Utilities authorizes the Chief Financial Officer to pay all proper claims for this purchase order out of Water Department Funds.

DULY AND REGULARLY ADOPTED this 17th day of September, 2020.
