

CITY OF SANTA ROSA
BICYCLE AND PEDESTRIAN ADVISORY BOARD
STAFF REPORT
April 15, 2021

SUBJECT

Bicycle and Pedestrian Advisory Board
Communication

ISSUE

The Board will discuss issues or concerns
with the existing communication process.

STAFF PRESENTER

Nancy Adams, Transportation Planner

RECOMMENDATION

This item is for Board discussion. No
action is required.

BACKGROUND

Until 2021, staff support to the BPAB was provided by the Transportation Planner and the Deputy Director of Traffic Engineering.

One of the priorities of the Board Bicycle and Pedestrian Master Plan Update 2018 (BPMPU 2018) was to hire a Bicycle and Pedestrian Coordinator/Active Transportation Planner which occurred in January 2021.

There have been some recent comments from Board members about enhancing communication between staff and the public.

ANALYSIS

Currently, staff communicates largely through the BPAB Board meetings. Occasionally Board members will contact staff directly about bicycle and pedestrian issues or items they have observed out in the community.

This item will provide the Board an opportunity to express their concerns about the current communication process which can help staff assess how to address these concerns.

RECOMMENDATION

This item is for Board discussion. No action is required.
