

27 APRIL 2021

TO: Board of Community Services, Santa Rosa.
RE: ~~A~~ 7.2 Measure M
FROM: Duane De Witt from Roseland.

Please allocate funds to begin work on the Roseland Creek Bikeway / Greenway on the south side of Roseland Creek between Burbank Ave. and Mc Minn Ave.

Slide / page 13 of your presentation has a photo of the bridge at Roseland Creek on Mc Minn Ave. The Sonoma County Water Agency holds the easement there and has expressed interest in the Bikeway / Greenway.

Over 30 years ago a citizens advisory group for the city Southwest Area Plan advocate for more parks in Roseland. 17 years ago the city spent \$100,000 dollars for the Roseland Creek Concept Plan, which advocated for the bikeway as well as more parks along the creek.

10 years have passed since taxpayer funds were spent to buy land on the south side of the creek for the bikeway.

Now is the time to finally start the bike way / greenway. Open up the land to the public and let the community volunteer to start the work finally.

Begin by funding our community efforts.
Thank you.

MD
