**PROPOSAL**

The property owner proposes to remodel of the bathroom and laundry room in the southeast corner of the existing dwelling. Exterior changes will include eliminating one window in the laundry room and replacing two existing windows in a bedroom.

The whole area (shaded in dark grey on the elevation drawing) will receive a combination of new and/or salvaged siding installed in a manner to appear as new, and we will eliminate any indication of the removed door and window. Any new siding will be milled to match the existing profile and will be painted to match the rest of the house. The new windows will be trimmed and painted to match the existing style.
