

SOUTH PARK COMMUNITY MURALS

Project Manager: Annette Arnold, Project Lead
South Park Community Building Initiative
707.703.9218 | Annette@Sonic.net

DESCRIPTION: Three murals in Martin Luther King Jr Park in South Park neighborhood, Santa Rosa

South Park is a neighborhood blighted by illegal dumping, encampments, and an abundance of ugly gang tagging. Existing murals in the neighborhood have received relatively little tagging by gangs. Our hope is that these murals will not only bring a little bit of much needed color and beauty to the neighborhood, but also instill a little bit of neighborhood pride for those who live here, and hopefully reduce some future tagging in the park.

This has been a community effort. A call for artists and participants was posted on NextDoor and the South Park Facebook page. Design ideas were presented and voted upon with the three designs below selected as the top choices. We couldn't pick just one. We posted the selected designs again to get comments for residents and all were favorable.

*The Community Day is where we would include the neighbors participation by having them paint their hand and put their unique print on the mural. In the afternoon we will have a community BBQ sponsored by the South Park Community Building Initiative. If Covid allows, music and kids' games will be provided. We will invite community agencies to partner with us to share important information: Listos (disaster preparedness), Providence Health (health screenings), SAY (youth interships), Latino Service Providers (services) and more.

This will be a day where residents can come out, meet some of their neighbors, get useful information, see some improvement in their neighborhood, enjoy a nice BBQ, and join in an experience that makes them feel more connected to this community. After, when they see one of the murals, they will know they had something to do with that and smile.

Murals will be maintained by the South Park Community Building Initiative team.

Mural 1 - Aztec Serpent

- Location: Two external walls of hexagon bathroom at MLK Park
- Size: Total: 25'w x 7.5'h (Wall 1: 14.5'w x 7.5'h. Wall 2: 10.5'w x 7.5'h with door on right)
- Material: Exterior latex paint (either directly on wall or on 4x8'panels adhered to the wall)
- Design by Cade Burkhammer, South Park resident. Implemented by Cade and four to six South Park residents.
- Background: This colorful double-headed serpent design from Aztec folklore pays homage to the history of our Latino neighbors. The strong figure shows pride and strength. Neighbors will participate by putting their handprints around the border of the design.
- Note: We understand this building will be removed at a future date. We propose going ahead with this location if the building is likely to remain for another year. If six months or less, we would consider another location, but this is our first choice due to location allowing the mural to be seen from a good portion of the park and street. Fingers crossed.
- Permission from Santa Rosa Parks Department pending.

Mural 2 - Heart of South Park

- Location: Head Start building in MLK Park, external wall facing Temple Avenue
- Size: Appox. 32.5'w x 8.5'h
- Material: Exterior latex paint. We would like to paint directly on the wall so we can go over and around the meters directly in front of the wall. We can paint on 4x8'panels but that would be a big expense we didn't anticipate, but if we have to, we'll figure it out.
- Design by Magalli Larque, South Park resident. Implemented by Magalli and a team of four to six South Park residents and some team members from Latino Service Providers.
- Background: The Heart of South Park represents the literal heart of this neighborhood. The animated style reflects the colorful nature of those who live here. Images within the heart will represent local lore. The clouds, painted against a blue sky, will each have the name of one of the South Park neighborhood streets painted within. Neighbors will participate by putting their handprints all along the bottom of the mural, like a field of hands.
- Permission to paint this mural on the Head Start building was granted on 5/10/21 by Dr. Susan Cooper, Executive Director, Community Action Partnership of Sonoma County.

Mural 3 - South Park Angel

- Location: Portion of white fence next to soccer field in MLK Park
- Size: 18'w x 6'h
- Material: Exterior latex paint. We will paint directly on fence.
- Design inspired by images Annette Arnold found on internet. Implemented by Annette and four South Park residents.
- Background: The Wings of South Park will be a colorful addition to the long fence that borders one side of the park that faces the soccer field. A left and right wing will be painted with vibrant feathers leaving an empty space between for people to stand and become the South Park angel. Neighbors will participate by painting their own unique feather on one of the wings.
- Permission to paint this mural on the fence facing the soccer field was granted on 5/18/21 by John Spent, owner of 1015 Aston Street, Santa Rosa.

Timing: Here's where we could really use your help.

Some of the people who have committed to working on Magalli's mural have other commitments starting in June. She is hoping to involve some of her student promoters from Latino Service Providers, but their internship is over at the end of May. Since we already have permission from Head Start to paint on their wall, can we move ahead with that mural without having to go through the Public Art committee? We know the park isn't issuing permits for large gatherings, but if we keep the mural team to six or fewer and follow Covid safety guidelines, can we move ahead before June? (This seems like a reasonable request since there are soccer games with lots more people, shouting and running around, going on at the park right now.)

Cade is leaving the state for two weeks in June (probably June 2-June 14). He's back June 15-June 30, then he starts a full time job on July 1 and will not be available to work on the mural from then on. If we get approval from Public Art committee on June 7, we could schedule his mural June 16-18, with June 19 being the community day.

Annette is leading the third team and can do this whenever it works for Public Arts and the Parks Department.

RELATED QA WORK HISTORY:

Quality Assurance Analyst

Keysight Technologies

Santa Rosa, CA

October 2019 – March 2020

- Final Visual Inspection of products.
 - Record found data on Prism, Oracle, and Excel.
 - Remove found rejects per rules and ready products to dispense to costumers.
- Reason for leaving: Shutdowns due to Covid-19

Quality Assurance Analyst

Purple Wine and Spirits

Graton, CA

March 2018 – October 2019

- Wine and spirits analysis and bottling material supervision.
- Hourly checks of wine chemistry and bottling process and materials
- Keep daily logs and records for company and FDA documentation
- Work enology meters; Dissolved Oxygen, Carbon Dioxide, vacuum checks, alcohol percentage, sterilization, room and air bacteria determination, etc.
- Prevent costly mistakes to save time and profits
- Communicate with supervisors, mechanics, and line workers about quality incidents.
- Manage wine library for two-year samplings
- Operate lines and assist with anything when necessary
- Ensure cGMP, PPE, efficiency and safety

Reference Phone: (707) 829-6100

Joe Padilla, QA supervisor

Paul Weise, Production supervisor

Reason for leaving: Plant closed October 2019

Lab Technician

Creekside Vineyard

Lower Lake, CA

May 2013 - December 2014

Vineyard analysis assistant, animal husbandry, farm worker

Quality Control Lab Technician and Cellar Worker

Merriam Vineyards

Healdsburg, CA

July 2010 - December 2010

- Vinologist lab technician, lab work, barrel checks, fruit analysis
- Custom cellar work; crush process, tank additions, pump over, sanitation, etc.
- All processes of seasonal wine making.
- Forklift driver
- David Hertzberg, Wine Maker (707) 849- 8073

OTHER WORK HISTORY

Residential Supervisor

Green Acres

Sebastopol, CA

June 2017 – Jan 2018

Supervisor, care provider for at-risk youth in group-home setting
(707) 823-8722

Day Program Instructor/ Supervisor

Cedars of Marin

Ross, CA

February 2015 – June 2017

Garden supervisor and instructor for mentally disabled adults

Lauren Stockler, Manager (415) 453-4240

Art Sales

Linearis Art Institute, Hercules, CA

February 2011 – April 2013

Fine Art mover, installer and advisor

Painter and Landscaper

Cade Paints, San Francisco, CA

Freelance house painting and landscape

February 2007- present

EDUCATION:

College of the Redwoods

Eureka, CA

Associate degree 2006

MAGALLI LARQUÉ

ARTIST

ABOUT ME

Magalli is an artist that started her journey in 2015. She practices art in all different mediums such as; free-hand drawing, tattooing, painting on canvas, sculptures, digital art, and her favorite murals. Magalli has had the opportunity to create installations throughout Santa Rosa for her community to enjoy. The Latinx community and the sense of belonging and taking space is what drives Magalli.

SKILLS

EDUCATION

Humboldt State University

2015 - 2017 | B.A Sociology and Psychology

University of San Francisco

2020-Current | M.PH Public Health Policy

EXPERIENCE

2019- Latino Service Providers

Current In House Graphic Designer

- Tasked to make graphics for off line and online layouts.
- Edited and created infographics and flyers for local non-profits
- Organization of files

2021 Mitote Food Park

Muralist

- Created 10 feet X 10 feet mural "The Blue Wave" for the Roseland Marketplace

La Plaza

Muralist

- Created small mural for La Plaza at Abraham Lincoln Elementary School

Magalli Larqué Bio

Magalli Tonantzin Larqué (27) was born and raised in Santa Rosa, CA. She attended all the local schools and found her passion in Sociology at the Santa Rosa Junior College. With a new found knowledge and drive for higher education she attended Humboldt State University where she received her B.A in Sociology and Psychology. Now, Magalli attends the University of San Francisco and is in route of having her MPH by 2022.

Education has always been a driving factor of success, but Magalli's heart lies with art and with her community. Magalli has always been interested in art, but never pursued it until she was asked to do a logo for her Sociology Club in her undergraduate years. There she found the spark that lit up a new interest for her, she found a new passion.

From 2016 to her current work, Magalli has practiced art in all different mediums, her medium of choice is a simple piece of paper and a ballpoint pen. But through mentorship and trial and error Magalli has explored and created various works of art through mediums such as; free hand drawing, tattooing, painting on canvas, sculptures, digital art, and her new favorite, murals.

Magalli has had the opportunity to create installations throughout Santa Rosa for her community to enjoy. The Latinx community and the sense of belonging and taking space is what drives Magalli. Currently, she is the program Manager for an internship that oversees 46 bilingual/bicultural students who are trained in becoming the future leaders of their community as Community Health Workers (CHW's). In the past year, Magalli has created opportunities for them to showcase their talents in the cross section between Artistic Expressions and Mental Health. She is hoping to find new opportunities inside of her District of South Park and Roseland, and outside where her work can reach a larger audience and show her interns that these spaces exist for them as well.

EXPERIENCE

2020 – Present Project Lead, South Park Community Building Initiative – Santa Rosa, CA

- Manage South Park core team's efforts to create a more cohesive community
- Coordinate neighborhood events (cleanups, mural project, community kids' garden, etc.)
- Write and produce neighborhood newsletter and social media posts
- Partner with local agencies to provide services to South Park residents
- Manage neighborhood tagging hit squad
- Engage with civic leaders to advocate for South Park resources

2010 - 2019 Marketing Project Manager, REACH Air Medical Services – Santa Rosa, CA

- Executed digital and print marketing projects to support company's strategic growth
- Developed standards for corporate and satellite brands
- Created and managed annual marketing budgets for six brands
- Designed and implemented patient survey program to gather customer testimonials
- Managed photo and video shoots for all brands

2008 - 2010 Marketing Project Coordinator, REACH Air Medical Services – Santa Rosa, CA

- Produced budgets and timelines for marketing projects
- Integrated Salesforce as company's customer relationship management program
- Prepared print and online materials for external conferences
- Designed annual calendar highlighting patient stories
- Wrote and distributed company press releases
- Created and maintained archive of all digital assets

2006 - 2008 Office Manager, Source Design Gallery – Santa Rosa, CA

- Managed print and web projects for design referral agency
- Wrote artist bios, sourced content and created online portfolios
- Produced monthly newsletter highlighting work of designers
- Coordinated and promoted gallery events
- Generated billing for all clients

1997- 2005 Marketing Assistant, Ponseti & Partners Marketing – Santa Rosa, CA

- Produced print and web marketing campaigns
- Created project budgets and timelines
- Scheduled and purchased media buys
- Managed external vendor relations
- Handled general office management and customer billing

SOUTH PARK NEWS

Community • Collaboration • Change

Meet Your Neighbor

David Magallon was born and raised in South Park. He is passionate about

parenting, sports and community. He can be found playing basketball at the park, talking to neighbors about local issues, and working to make our neighborhood a better place.

As a long-time native, David has seen a lot of changes. He is now directing efforts for the South Park CBI project. This is a great opportunity for residents to come together to make South Park the kind of neighborhood where we all want to live.

Your participation is important. We hope you will join David and the South Park neighborhood team by sharing your vision of what you hope South Park will be for you and your family. Please contact David at southparkcbi@gmail.com or (707) 595-0905 to

What's Up in South Park?

Exciting news! The South Park neighborhood has been chosen by St. Joseph Health System's Memorial Hospital to be part of their Community Partnership Fund's Community Building Initiative (CBI). What does this mean? In an effort

**Annette Arnold
Sample Graphic Work**

to build community leadership, and connect and empower neighbors to address important issues.

What's Important to You?

We want to hear what issues are important to you, so we can focus on a priority issue that the entire neighborhood can get behind. Members of the South Park CBI team will be canvassing the neighborhood to ask residents for their input on these issues. You can also go online to complete our survey at <https://forms.gle/oSH5pymfntkTd9LC8>. Once the priorities are established, we become eligible to receive funds to support South Park neighbors' efforts on these matters.

Join Us

This is a great opportunity for neighbors to come together to make South Park a better place. Your participation is important. We hope you will join us in building a better community for all who live here.

To contact David Magallon at southparkcbi@gmail.com or (707) 595-0905 to see how you can help.

Upcoming Events

**Saturday, 9/26 - 10am-12pm
Neighborhood Clean Up**

Join us at 10 am at MLK, Jr. Park as we embark on our first neighborhood clean up party.

**Saturday, 9/26 - 2-3pm
Census Car Caravan**

Calling all cars. Join the car caravan as we drive through South Park encouraging residents to complete their 2020 census forms. Why? Because government representation is based on census numbers. Bigger numbers mean bigger support for our community.

What kind of place do you want to call home?

The South Park Community Building Initiative is a group of neighbors working together to help shape South Park into a nicer, more connected community. You may have seen us knocking on your door to ask questions about South Park, or you may have seen our posters inviting you to neighborhood cleanups and holiday events, or you may have signed up to receive our newsletter to get the South Park information emailed to you—these are some of the ways we have tried to find out how you, as South Park residents, feel about living here. What do you like? What don't you like? What would you like to see more of?

Annette Arnold Sample Graphic Work

with us. This is what we've learned:

South Park neighbors are almost equally split on what they like most about living here: location (26%); diversity of residents (25%); neighbors (24%); park/neighborhood environment (22%) with quiet/calm environment squeaking in (3%).

Residents would like to see more positive activities for their kids (24%), social services (21%), park use (20%), neighborhood events (15%), affordable

¿A qué tipo de lugar quieres llamar hogar?

La Iniciativa de Construcción Comunitaria de South Park es un grupo de vecinos que trabajan juntos para ayudar a convertir a South Park en una comunidad más agradable y más conectada.

Es posible que nos haya visto llamar a su puerta para hacer preguntas sobre South Park, o quizás haya visto nuestros carteles que lo invitan a limpiezas de vecindario y eventos festivos, o puede que se haya inscrito para recibir nuestro boletín informativo y recibir la información de South Park por correo electrónico—estas son algunas de las formas en que hemos tratado de

como se sienten ustedes, antes de South Park, acerca de South Park. ¿Qué te gusta? ¿Qué es lo que no te gusta? ¿De qué te gustaría ver más?

A aquellos que han compartido sus pensamientos, nosotros, les damos las gracias. Hemos revisado las respuestas de la encuesta y hemos escuchado lo que ha compartido con nosotros. Esto es lo que hemos aprendido:

Los vecinos de South Park están divididos casi por igual en lo que más les gusta de vivir aquí: ubicación (26%); diversidad de residentes (25%); vecinos (25%); ambiente de parque / vecindario
