On agenda: 4/28/2022 **Final action:**
Title: WATER SUPPLY ALTERNATIVES PLAN

Santa Rosa Water wishes to enhance the City's water supply resiliency and reliability, particularly during prolonged dry periods. To accomplish this, staff recommends hiring a consulting firm to assist in completing a study and developing a Water Supply Alternatives Plan. The plan would provide a road map for increasing the City's water supplies by 2045. Staff will present information about the proposed strategy, scope of work, and timeline to achieve these goals for the Committee's consideration and direction.
