Type: CC- Study Session **Status:** Agenda Ready
File created: 6/8/2021 **In control:** City Council
On agenda: 7/20/2021 **Final action:** 7/20/2021
Title: 2050 GENERAL PLAN VISION STATEMENTS

The Vision Statement will help shape the goals and policies of the 2050 General Plan which is branded as the “Santa Rosa Forward” project. The draft Vision Statement is based on community input gathered at virtual public meetings, workshops, and surveys held between April and June 2021. The finalized Vision Statement will incorporate input from the Planning Commission and City Council and will be used by the Project Team to build land use and circulation alternatives for multiple General Plan scenarios. These alternatives will be presented in the Fall of 2021 for public review. Based on comments received one alternative will be chosen by the Council in order to move forward to the environmental review phase (2022). In this way, the preparation of the Vision Statement is a vital step to help ensure that Santa Rosa Forward represents the desires of the community.
