Title: REPORT - ADA PARATRANSIT SERVICES CONTRACT AWARD

BACKGROUND: The Transit Division (“Transit”) of Transportation and Public Works (TPW) contracts for ADA paratransit services within the City of Santa Rosa and a deviated fixed-route service in Oakmont. Paratransit service complements the City’s fixed route transit system, as required by the Americans with Disabilities Act (ADA), to provide transportation for individuals who are unable to ride the fixed route system. The current contract for these services expires on June 30th, 2015.

An RFP was issued for these services and included required performance standards to encourage efficiencies while managing demand. Two proposals were received and evaluated, and the incumbent company, MV Transportation, Inc. was selected by the evaluation team. The new contract will cover a three year term with two one year optional extensions. The three year total cost of the contract will be \$3,728,046, and will be funded through federal and state grants.

RECOMMENDATION: It is recommended by Transportation and Public Works that the Council approve, by resolution, award of a Professional Services contract to MV Transportation, Inc. for the delivery of ADA Paratransit Services and Deviated Fixed Route services for a three year term in the amount of \$3,728,046.
