

# City of Santa Rosa

## Legislation Details

---

**File #:** 20-0089      **Version:** 1      **Name:** EverGreen Study Session  
**Type:** CC- Study Session      **Status:** Agenda Ready  
**File created:** 1/7/2020      **In control:** City Council  
**On agenda:** 1/28/2020      **Final action:**  
**Title:** EVERGREEN STUDY SESSION

During goal setting in 2019, the Council identified implementation of the Climate Action Plan as a Tier One priority. Related to this goal, the Council directed staff to evaluate EverGreen from Sonoma Clean Power (SCP) as a potential power source for municipal operations.

The study session will include an overview of SCP's current power sources, the City's energy usage, potential costs, and possible next steps. Following the study session, City staff members are seeking Council feedback on the various options moving forward which include remaining on CleanStart service, engaging in a facilities audit, switching all or some municipal accounts to EverGreen service, or a combination thereof.

**Sponsors:** Planning and Economic Development

**Indexes:** Not a Project
