Legislation Details

File #: 18-552BPU **Version:** 1 **Name:** Adoption of Mitigated Negative Declaration - Los Alamos Trunk Sewer
Type: BPU- Report **Status:** Agenda Ready
File created: 7/12/2018 **In control:** Board of Public Utilities
On agenda: 8/2/2018 **Final action:**

Title: REPORT - ADOPTION OF MITIGATED NEGATIVE DECLARATION, MITIGATION MONITORING AND REPORTING PLAN, AND PROJECT APPROVAL OF THE ALIGNMENT FOR THE LOS ALAMOS TRUNK SEWER REPLACEMENT PROJECT AND SEGMENT 1 OF THE PROJECT

BACKGROUND: The City of Santa Rosa (City) is proposing to replace large portions of the existing Los Alamos trunk sewer identified by the 2014 Sanitary Sewer System Master Plan Update as it is both in poor condition and undersized to serve future demand. The new trunk alignment will be adjacent to the existing trunk system, with some portions being relocated within existing City right-of-way and other portions requiring modifications to existing easements. Replacement of the overall Los Alamos trunk sewer system will be delivered programmatically in four separate phases (segments).

RECOMMENDATION: It is recommended by the Departments of Water and Transportation and Public Works that the Board of Public Utilities, by resolution, 1) adopt the Mitigated Negative Declaration for the Los Alamos Trunk Sewer Replacement Project (Project); 2) approve the Project alignment and Segment 1 of the Project; 3) adopt a Mitigation Monitoring and Reporting Plan for the Project, including mitigation for Segment 1 of the Project; and 4) direct staff to file a Notice of Determination.

Sponsors: Board of Public Utilities
