| Title: | EVALUATION OF FOUNTAINGROVE WATER SYSTEM FUNCTION AND OPERATION DURING THE TUBBS FIRE | | | | |
| | <p>Earlier this year, the City hired consultant firm Black & Veatch, a national water system expert, to conduct an investigation of the function and operation of the Fountaingrove water system during the Tubbs Fire. Since that time, Black & Veatch has been provided extensive information about the City's Fountaingrove water system, including data and information about operations during the Tubbs fire and conducted interviews with key City staff.</p> <p>Santa Rosa Water Staff and Black & Veatch will provide the City Council an update on the results of this investigation and provide information on the current status of the Fountaingrove water system. Staff will also provide an update on operational changes and plans for future analysis and possible improvements.</p> | | | | |
