File #:	18-560BPU	Version:	1	Name:	Update to Water, Wastewater and Recycled Water Standards and Specs
Type:	BPU- Report	Status:			Agenda Ready
File created:	10/8/2018	In control:			Board of Public Utilities
On agenda:	10/18/2018	Final action:			
Title:	REPORT - UPDATE TO 2017 WATER, WASTEWATER AND RECYCLED WATER STANDARDS AND SPECIFICATIONS				

BACKGROUND: In September of 2017, the City Council adopted the current Water, Wastewater and Recycled Water Standards, including granting authority to the Board of Public Utilities to make future updates. Since the last update, a number of typographical errors and edits have been identified and will be corrected with this update. In addition, due to the Tubbs-Adobe fire in October of 2017 and the need to rebuild many homes that are now required to install fire sprinklers, new Standard 875F is being allowed for use for the properties rebuilding.

RECOMMENDATION: It is recommended by the Water Department that the Board of Public Utilities, by resolution, approve the update to the Water, Wastewater, Recycled Water Design and Construction Standards.

Sponsors: Board of Public Utilities
