## Legislation Details

**File #:** 18-251BPU    **Version:** 1    **Name:** Emergency Groundwater Program Update  
**Type:** BPU- Agenda Item    **Status:** Agenda Ready  
**File created:** 11/7/2018    **In control:** Board of Public Utilities  
**On agenda:** 11/15/2018    **Final action:** 11/15/2018  
**Title:** EMERGENCY GROUNDWATER PROGRAM UPDATE

In September 2013, the Board adopted the City's Groundwater Water Master Plan (Master Plan) and associated Mitigated Negative Declaration and Mitigation Monitoring Program. The Master Plan provides a strategic road map for the City regarding how available groundwater resources could be most effectively used in a sustainable manner to meet the needs of the City's current and future customers. The Master Plan recommended implementation of the Emergency Groundwater Program to develop groundwater capacity for existing and future health and safety needs should the City's other water supplies become restricted or interrupted due to an emergency. Staff will present an update on the implementation of the Emergency Groundwater Program. The Board may discuss this item and give direction to staff.

**Sponsors:** Board of Public Utilities

**Indexes:** Mitigated Negative Declaration
