**Title:** PREPARING FOR PUBLIC SAFETY POWER SHUT-OFF (PSPS)

Santa Rosa Water, in partnership with other City Departments and Local Agencies, continues to prepare for another year of Public Safety Power Shut-offs (PSPS). Incorporating lessons learned from last year's PSPS, we have identified the potential impacts that a PSPS may have to our water distribution, sewer collection, and treatment systems. Santa Rosa Water staff will provide an overview of the progress made by the Water Department to develop additional resiliency measures to ensure we have adequate pressure in our water distribution system and maintain the ability to operate our sewer lift stations and regional treatment facility.
