<b>Title:</b>	WILDFIRE PREPAREDNESS, MITIGATION AND RESILIENCY PROJECTS: PROPOSED USES OF PG&E SETTLEMENT FUNDS				

In this Study Session, staff will provide a presentation showing specific projects related to wildfire preparedness, mitigation and resiliency, all of which could be funded with PG&E settlement funds. City Staff from the Fire Department, Police Department, and Transportation and Public Works have identified projects to increase the City's wildfire preparedness and resiliency. These projects have been developed based on critical needs identified during natural disasters over the last three years (the Tubbs Fire, the Kincade Fire, and the Glass Fire), and from Public Safety Power Shutoffs that occur each year. They are grouped as projects within City Control, and projects upon which the City will need to partner with other organizations.

**Sponsors:** Finance, Fire, Transit

**Indexes:** Not a Project
