Title:	REPORT - DIRECTION TO SANTA ROSA PLAIN GROUNDWATER SUSTAINABILITY AGENCY BOARDMEMBER REGARDING ADOPTION OF THE GROUNDWATER SUSTAINABILITY PLAN FOR THE SANTA ROSA PLAIN SUBBASIN				

BACKGROUND: The Sustainable Groundwater Management Act requires that the Santa Rosa Plain Groundwater Sustainability Agency (SRP GSA), comprised of the Cities of Cotati, Rohnert Park, Santa Rosa, and Sebastopol, the Town of Windsor, the County of Sonoma, Sonoma Water, the Gold Ridge and Sonoma Resource Conservation Districts, and a group of independently owned water systems, adopt and submit a Groundwater Sustainability Plan (GSP) by January 31, 2022. The GSP, released for a 30-day public review on October 1, 2021 is now finalized and proposed for adoption at a public hearing of the SRP GSA scheduled for December 9, 2021. Santa Rosa Water staff is requesting the Board of Public Utilities provide direction to the City Council and the City's SRP GSA Boardmember regarding adoption of the GSP at that public hearing.

RECOMMENDATION: It is recommended by Santa Rosa Water that the Board of Public Utilities, by motion, recommend to the City Council that the Council recommend that the City's Santa Rosa Plain Groundwater Sustainability Agency Boardmember support adoption of the Santa Rosa Plain Groundwater Sustainability Plan at their December 9, 2021 Public Hearing.
