<b>Title:</b>	2050 GENERAL PLAN HOUSING ELEMENT UPDATE				

Study Session to review and provide input on the 2050 General Plan Housing Update Report. PlaceWorks, the lead General Plan update consultant, is contracted to prepare a Housing Element consistent with State housing law including a housing needs assessment, evaluation of the existing housing element, housing site inventory analysis, potential and actual government constraints analysis, analysis of the Growth Management Ordinance, and housing implementation goals, policies, and programs to support housing production, housing affordability, and homelessness among other topics. Outcomes and policy direction from the Affordable Housing and Anti-Displacement Strategies will be incorporated into the Housing Element as appropriate.

The housing element will be completed in conjunction with the general plan so that it will be reviewed in concert with the other elements of the general plan in the fall of 2022 and submitted to the State Housing and Community Development Department by the January 2023 deadline.
