File created:	11/22/2021	In control:			City Council
On agenda:	12/14/2021	Final action:			12/14/2021
Title:	REPORT - APPROVAL OF SHARED SCOOTER SYSTEM PILOT PROGRAM				
<p>BACKGROUND: The evolution of Shared Mobility Devices (SMDs) has surged in the last several years. Examples of these devices include electric scooters and electric bikes.</p> <p>After receiving direction from the City Council study session in November 2020, staff began the process of developing a draft set of permit conditions for a shared scooter system pilot program.</p> <p>Over the past year, staff has met with internal departments and gathered information from other jurisdictions with scooter programs in order to develop a permit process for a pilot program.</p> <p>RECOMMENDATION: It is recommended by the Transportation and Public Works Department that the Council, by resolution: 1) approve the City of Santa Rosa’s Shared Scooter System Pilot Program; and 2) authorize the Assistant City Manager and/or Director of Transportation and Public Works or designee to modify permit conditions, issue and/or revoke permits, and/or limit and/or suspend the operation of a shared scooter system.</p>
