Title:	PUBLIC HEARING - DESIGN REVIEW - DOWNTOWN STATION (SMART SITE) DEVELOPMENT - 34 W 6TH STREET; FILE NO. DR21-021				

BACKGROUND: The project includes a proposal for a six-story, 114-unit residential building consisting of 114 studio, one-, two-bedroom, and 'family' style apartments with 12 units (10.5%) reserved for income-qualified households, on approximately 2.36-acres of the 5.4-acre smart site, within the Railroad Square Preservation District. Proposed amenities include an outdoor fitness center, outdoor pool, open space, and child play area. Also included is a portion of the smart multi-use pathway along the eastern property frontage, a new public promenade on the south side of the building, and a new interim public street along the site's western boundary, including 75 parking spaces, that would provide a future connection between W 6th and W 3rd street. The project is eligible for a statutory exemption under the California Environmental Quality Act (CEQA).

PROJECT PLANNER: ADAM ROSS

Sponsors: Planning and Economic Development

Indexes: Exempt Project
