Legislation Details

File #:	22-022CAS	Version:	1	Name:	City EV Buses Update - Transit Electrification & Infrastructure
Type:	CAS- Agenda Item	Status:			Agenda Ready
File created:	7/28/2022	In control:			Climate Action Subcommittee
On agenda:	8/10/2022	Final action:			
Title:	FRAMEWORK OF THE ZERO-EMISSION ROLLOUT PLAN: CITYBUS ROUTE TO 100% LOCAL RENEWABLE POWERED OPERATIONS				
	<p>The City of Santa Rosa Transit Division (CityBus) began planning for the electrification of our bus fleet in 2018. With preliminary planning and funding in place, CityBus will provide a timeline when we will begin operating Santa Rosa's first battery electric bus with accompanying charging infrastructure. CityBus will present a framework for our Zero Emission Rollout Plan as required by CARB to meet the Innovative Clean Transit Rule of having a zero emissions bus fleet by 2040. Staff will provide an estimated timeline for future Council items related to continued bus electrification.</p>
