| <b>Title:</b>         | PUBLIC HEARING - SHARED SCOOTER SYSTEM PROGRAM ORDINANCE AMENDMENT   |                      |   |              |                                  |
|                       | <p>BACKGROUND: This ordinance will amend the existing code to allow for the shared scooter system program and to authorize the Assistant City Manager or Director of Transportation and Public Works Department to modify permit conditions related to the operation of a shared scooter system without requiring additional amendments to the ordinance.</p> <p>This ordinance supports the following Council goals and priorities: 3) ensure a healthy and safe community for all, 4) promote economic and community vibrancy, and 5) build and maintain sustainable infrastructure. A shared scooter system will help to reduce vehicle miles traveled which helps the City of Santa Rosa (City) to achieve important Climate Action Plan goals. In addition, a shared scooter system supports the City's Silver Bicycle Friendly Community designation.</p> <p>RECOMMENDATION: It is recommended by the Transportation and Public Works Department that the Council introduce an ordinance to amend City Code Chapter 9-22: Bicycles, Skateboards, Roller Skates, In-Line Skates, and Similar Devices to allow scooters to operate on public streets, public alleys, and public gutters as part of the Shared Scooter Program.</p> |                      |   |              |                                  |
