ORDINANCE OF THE COUNCIL OF THE CITY OF SANTA ROSA PREZONING THE PROPERTIES SITUATED ON BARBARA DRIVE, ROBIN WAY, EDDY DRIVE, MOORLAND AVENUE, AND BELLEVUE AVENUE INTO THE R-1-6 (SINGLE-FAMILY RESIDENTIAL) AND R-2 (MEDIUM DENSITY MULTI-FAMILY RESIDENTIAL) ZONING DISTRICT, CONSISTENT WITH THE LOW AND MEDIUM-LOW DENSITY RESIDENTIAL GENERAL PLAN LAND USE DESIGNATIONS; FILE NO. ANX23-003

THE PEOPLE OF THE CITY OF SANTA ROSA DO ENACT AS FOLLOWS:

Section 1. The Council finds, based on the evidence and records presented, that the R-1-6 (Single-Family Residential) and R-2 (Medium Density Multi-Family Residential) zoning districts are appropriate for the properties identified in Section 2. The Council further finds and determines that:

- A. The prezoning of the Subject Properties is consistent with the goals and policies of all elements of the City’s General Plan in that the Prezoning authorizes land uses in conformance with the Land Use Element of the City’s General Plan; and
- B. The proposed Prezoning would not be detrimental to the public interest, health, safety, convenience, or welfare of the City in that no physical changes are proposed as part of this project and permissible future uses under the proposed Prezoning will be compatible with the surrounding neighborhoods; and
- C. The sites are physically suitable including absence of physical constraints, access and compatibility with adjoining land uses, and provision of utilities for the proposed Prezoning.

Section 3. In addition to any other conditions that are deemed appropriate or necessary, any development approval for this property shall be expressly conditioned to require the applicant to fulfill the following condition:

1. Comply with all applicable federal, state, and local codes. Failure to comply may result in issuance of a citation and/or revocation of approval.

Section 4. The proposed Prezoning has been reviewed in compliance with the California Environmental Quality Act (CEQA), and qualifies for the following streamlining provisions and exemptions:

- CEQA Guidelines Section 15183 in that the proposed Pre-Zoning is consistent with the General Plan. The Low Density and Medium-Low Density Residential land use designations were reviewed as part of the Santa Rosa General Plan 2035 Environment Impact Report (EIR), adopted by City Council Resolution No. 27509, dated November 3, 2009. The proposed Pre-Zoning to the R-1-6 (Single-Family Residential) and R-2 (Medium Density Multi-Family Residential) zoning district is consistent with the existing land use designations. There are no impacts peculiar to the site that were not already analyzed in the EIR or would require additional analysis.

- CEQA Guidelines Section 15303 in that the future proposed construction consists of limited numbers of new, small structures, such as water mains and associated utility extensions to serve existing structures.
- CEQA Guidelines Section 15304 in that the future proposed construction consists of minor land alterations that include grading on slopes less than 10 percent.

Section 5. Severability. If any section, subsection, sentence, clause, phrase, or word of this ordinance is for any reason held to be invalid and/or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance.
