WHEREAS, the City of Santa Rosa desires to preserve the residential characteristics of neighborhoods that enhance the quality of life for our residents, protect public peace, welfare, health, and safety, and preserve housing stock for residential use; and

WHEREAS, the City of Santa Rosa is experiencing a severe and protracted housing crisis which has been exacerbated by the wildfire disasters of recent years; and

WHEREAS, the conversion of housing units to short-term rentals (STRs) reduces the supply of housing available to serve permanent residents, which increases housing costs for both renters and buyers; and

WHEREAS, in 2018, 2019, 2020, 2021, 2022 and 2023 the Council adopted policy priorities, which include a housing for all strategy, reaffirming the Council's housing goals; and

WHEREAS, the October 2, 2020, online edition of Marketing Science (Vol. 40, No. 1) found that the number of Airbnb listings in a zip code was associated with increases in property prices and rental rates; and

WHEREAS, on August 10, 2021, and September 14, 2021, recognizing that STRs were operating within the City of Santa Rosa without operating standards or adequate regulations, staff presented the Economic Development Subcommittee (EDS) with information about how many short-term rentals might be operating within City limits and the increasing frequency of short-term rental related complaints. Based on public testimony and the information presented, the EDS directed staff to take immediate action to preserve public peace, welfare, health, and safety by regulating short-term rentals to address community compatibility, public safety threats related to wildfires and other potential emergencies requiring evacuation, limited housing stock, and the COVID-19 pandemic; and

WHEREAS, in August 2021, the City conducted an online Short-Term Rentals community survey to help inform the development of a STR ordinance; and

WHEREAS, on September 29, 2021, a virtual public meeting targeting industry representatives was held to receive feedback on a potential STR ordinance; and

WHEREAS, on October 13, 2021, the City Council adopted Ordinance No. ORD 2021-011 on an urgency basis adding Chapter 20-48, Short-Term Rentals, to the Zoning Code to establish a regulatory framework for short-term rentals to reduce safety risks during

wildfire events, preserve housing stock and the residential characteristics of neighborhoods, and prevent short-term rental activities from becoming a nuisance to, or threatening the public health, welfare, or safety of neighboring residents. Chapter 20-48 also facilitates the collection and payment of transient occupancy tax (TOT) and Business Improvement Area (BIA) assessments; and

WHEREAS, despite having regulations in place, certain non-hosted STR activities continued to generate police and code enforcement complaints related to noise, occupancy, and large events; and

WHEREAS, on May 17, 2022, the Economic Development Subcommittee received an update on the STR program including permitting status, enforcement issues, and potential ordinance amendments to address immediate issues related to public health, welfare, or safety. Based on public testimony and the information presented, the EDS directed City staff to draft Zoning Code text amendments to Chapter 20-48 to address ongoing code enforcement complaints related to non-hosted STRs; and

WHEREAS, on August 9, 2022, the City Council adopted Ordinance No. ORD-2022-008 on an urgency basis to set a maximum number of 198 non-hosted STR Permits to be issued citywide and to clarify that enforcement penalties apply to permit owners and “operators in good standing,” and, by Resolution No. RES-2022-177, the Council established a STR Permit renewal fee and authorized the Director of Planning and Economic Development to approve future fee adoptions and changes to the STR Permit renewal process; and

WHEREAS, between September 23, 2022 and December 18, 2022, the City conducted a second online public sentiment survey to gather feedback on the STR Ordinance; and

WHEREAS, in October and December 2022, multiple in person pop-up events were held at various locations throughout the City of Santa Rosa providing additional opportunities to reach community members that do not typically participate in formal public meetings and workshops; and

WHEREAS, on November 14, 2023 and December 12, 2023, the City held two virtual public meetings to receive community feedback on the adopted STR Ordinance; and

WHEREAS, on November 16, 2023, the Santa Rosa Tourism Business Improvement Area Advisory Board received an update on the STR Ordinance; and

WHEREAS, since adoption of the STR Ordinance and its subsequent amendment, City staff has recognized areas of the STR Ordinance that would benefit from technical changes such as the addition of clarifying language and minor reorganization of certain sections which will aid in implementation and enforcement; and

WHEREAS, based on prior Economic Development Subcommittee and City Council discussion as well as results from community engagement efforts, new definitions and policies are proposed that will (1) result in additional opportunities for a fairer distribution of non-hosted

STR Permits by limiting the number of non-hosted STR Permits allowed per owner, while allowing existing Permit owners with multiple Permits to retain them, (2) adding unit type restrictions to prohibit STRs in all accessory dwelling units that have not previously received an STR Permit, and in all affordable housing units and other sensitive residential unit types, (3) adding outdoor lighting standards and trash and recycling facilities restrictions to help protect the quality of life of STR neighbors, (4) adding water conservation requirements similar to other lodging types to protect the City's natural resources, (5) providing a permanent 30-day grace period for submitting renewal applications after permit expiration, (6) clarify that allowed outdoor burning at non-hosted Short-Term Rentals is limited to code compliant natural gas and propane appliances and that the regulations do not apply to hosted Short-Term Rentals, (7) providing for transfer of Short-Term Rentals to family members under certain circumstances, (8) requiring hosted Short-Term Rental Permit applicants to file an affidavit that they will live on site, (9) providing that the cap on non-hosted Short-Term Rentals will be reduced through natural attrition, prohibit new non-hosted Short-Term Rental Permit applications, and (10) require the City to send renewal reminder notifications to Permit owners; and

WHEREAS, the City continues to receive public complaints related to STRs necessitating new code enforcement language and provisions to: (1) better clarify general enforcement remedies and options, (2) provide an overview of how complaints may be submitted, (3) reenforce that Local Contact failure to respond pursuant to the requirements of the Ordinance constitutes a violation of the STR Permit, (4) align City penalties for STR violations with California Government Code provisions applicable to STRs, as well as violations which are indirectly related to STRs and indicate when and how such penalties shall be assessed, (5) establish the circumstances under which revocation proceedings are triggered, and provide clarifying language as to the types of violations that constitute verified violations for purposes of revocation proceedings, and (6) provide a tiered violation penalty schedule, requiring a fine for first violations of Transient Occupancy (TOT)/ Business Improvement Area Assessments (BIA) and operating without a Permit, and clarifying that after a third violation a Permit is revoked and the Permit holder is permanently barred from owning or operating an STR within Santa Rosa; and

WHEREAS, on April 27, 2023, the Planning Commission of the City of Santa Rosa held a duly noticed public hearing and adopted resolution number PC-2023-013 recommending to the City Council adoption of Zoning Code text amendments to Title 20 of the Santa Rosa City Code, Chapter 20-48, Short-Term Rentals, to revise and add new definitions and policies, and to incorporate technical changes including reorganization and the addition of clarifying language to improve functionality and aid in implementation and enforcement of Chapter 20-48.

WHEREAS, on June 6, 2023, the City Council of the City of Santa Rosa held a duly noticed public hearing and introduced an ordinance amending the text of Title 20 of the Santa Rosa City Code, Chapter 20-48, Short-Term Rentals, to revise and add new definitions and policies, to incorporate technical changes including reorganization and clarifying language to improve functionality and aid in implementation and enforcement, and directed City staff to bring the Ordinance back in two parts for second reading and adoption as follows:

1. First, to provide for a grace period, following the effective date of the Ordinance amendment, for Permit owners whose Permits were issued within the first year of the Ordinance and expired without a renewal application being timely submitted; and

WHEREAS, Section 8 of the City Charter provides, in relevant part, that a proposed ordinance may be amended or modified between the time of its introduction and the time of its final passage, providing its general scope and original purpose are retained; and

WHEREAS, on June 20, 2023, the Council held the first of two second readings and adopted an Ordinance amending the text of Title 20 of the Santa Rosa City Code, Chapter 20-48, Short-Term Rentals, to provide a 31-day grace period, following the effective date of the ordinance, to submit applications to renew expired Short-Term Rental Permits issued during the first year of the Short-Term Rental Ordinance, and to clarify that in the event that any non-hosted Short-Term Rental Permit was issued for a property within 1,000 feet of an expired non-hosted Permit that is subsequently renewed under that new grace period, both Short-Term Rentals would be able to retain their Permits regardless of the distance between them; and

WHEREAS, on July 25, 2023, the Council held the second of two second readings to amend the text of Title 20 of the Santa Rosa City Code, Chapter 20-48, Short-Term Rentals to (a) provide a permanent 30-day grace period for submitting renewal applications, (b) clarify that allowed outdoor burning at non-hosted STRs only includes natural gas and propane appliances, (c) clarify that outdoor burning regulations do not apply to hosted STRs, (d) provide for transfer of STRs to family members under certain circumstances, (e) allow Owners with multiple STR Permits to retain those permits, (f) require hosted STR Permit applicants to file an affidavit that they will live on site, (g) provide a tiered violation penalty schedule, (h) require a fine for first violations of TOT/BIA and operating without a Permit, (i) clarify that after a third violation a Permit is revoked permanently, and (j) provide that the cap on non-hosted STRs will be reduced through natural attrition, prohibit new non-hosted STR Permit applications; and

WHEREAS, Council's direction to staff to provide renewal reminder notifications to Permit owners is being addressed administratively.

THE PEOPLE OF THE CITY OF SANTA ROSA DO ENACT AS FOLLOWS:

Section 1. The Council of the City of Santa Rosa finds, pursuant to City Code Section 20-64-050 (Findings), based on evidence and records presented, that:

- A. The proposed amendments are consistent with the goals and policies of the Santa Rosa General Plan, and all applicable Specific Plans in that the amendments further existing policies related to economic vitality, police services, fire protection, and noise and do not allow density beyond what is currently allowed. Further, the Residential section of the Land Use and Livability Element of the General Plan includes seven residential land use classifications that are established to provide for a development of a full range of housing types, with a goal to “maintain a diversity of neighborhoods and varied housing stock to satisfy a wide range of needs”. While the Short-Term Rental Ordinance allows for a more transient occupancy of residential units in the City, it does not permanently remove those units as residential, and therefore does not impact the City’s ability to meet its Regional Housing Needs Allocation (RHNA), as set by the State of California. The units will continue to count toward the City’s overall housing stock, and will not be altered such that they cannot be immediately returned to longer-term residential use at the end of the one-year term of a Short-Term Rental Permit. Further, the concentration requirements within the Short-Term Rental Ordinance, which limits non-hosted Short-Term Rentals to no more than one within a 1,000-foot radius, and the limit of 182 non-hosted Short-Term Rentals citywide which will decrease over time through attrition, further limits the impact of these short-term residential leases on the City’s overall housing stock.
- B. The proposed amendments would not be detrimental to the public interest, health, safety, convenience, or welfare of the City in that the amendments strive to improve and enhance implementation and enforcement of the STR Ordinance to ensure STRs are compatible with the neighborhoods in which they are located. Further, the proposed amendments limit the number of non-hosted STR Permits that a single entity can own to encourage a fairer distribution of non-hosted STR Permits and the proposed amendments prohibit STR activities in all accessory dwelling units which have not previously received an STR Permit and in other sensitive housing types.
- C. The proposed amendments are internally consistent with other applicable provisions of this Zoning Code except where explicitly identified such as the extension of quiet hours to 9:00 p.m. to 8:00 a.m. In addition, Zoning Code Section 20-22.010, Purpose, identifies that the purpose of Zoning Code Chapter 20-22, Residential Zoning Districts, is to determine the type of land use permit/approval required for each use identified as allowed in each of the City’s residential zoning districts, and provides basic standards for site layout and building size. Zoning Code Section 20-22.020, Purposes of the Residential Zoning Districts, further identifies specific purposes for each residential zoning district. While this section of the Zoning Code identifies residential units as the primary use, it also allows compatible accessory uses. Such compatible accessory uses allowed by-right, or with the approval of a Minor Use Permit or Conditional Use Permit, include neighborhood serving retail uses; home occupations, including those that allow both clients and customers to visit the home occupation; community care facilities, both large and small; emergency shelters;

supportive and transitional housing; rooming or boarding houses; organizational houses (dormitory, sorority, monastery, etc.); child and adult day care uses; and bed and breakfast inns. While the Short-Term Rental Ordinance allows for a more transient occupancy of traditional residential units, it will not permanently remove those units for residential use. The units will continue to be residential in nature and will not be altered such that they cannot be immediately returned to longer-term residential use at the end of the one-year term of a Short-Term Rental Permit.

- D. The proposed amendments have been reviewed in compliance with the California Environmental Quality ACT (CEQA) and the City Council has determined that adoption of this ordinance is exempt from CEQA under CEQA Guidelines Section 15060(c)(2) because the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment, and because it is not a project as defined in CEQA Guidelines Section 15378, as it has no potential for resulting in a physical change in the environment, directly or indirectly. Additionally, or alternatively, the Ordinance is exempt from CEQA under CEQA Guidelines Section 15061(b)(3) because it can be seen with certainty that there is no possibility that this Ordinance or its implementation of the Amendments would have a significant effect on the environment, would not be detrimental to the public interest, health, safety, convenience, or welfare of the City. The Ordinance is also exempt from CEQA pursuant to CEQA Guidelines section 15301 in that no new development or construction is authorized by the Ordinance and nothing in the Ordinance permits any expansion of use beyond the level of land uses already existing in the City. Single-family homes that are rented on a short-term basis will still be used as single-family homes and in a manner that is not substantially different from how they would be used if they were occupied by full-time residents or long-term renters. In addition, the Ordinance is exempt pursuant to CEQA guidelines sections 15307 and 15308 as an action taken to assure the maintenance, restoration, enhancement and protection of natural resources and the environment, in that requiring a short-term rental permit program that imposes standards related to water conservation, refuse management, noise, outdoor burning and emergency evacuation serves to further protect natural resources and the environment.

Section 3. Environmental Determination. The proposed amendments have been reviewed in compliance with the California Environmental Quality ACT (CEQA) and the City Council has determined that adoption of this ordinance is exempt from CEQA under CEQA Guidelines Section 15060(c)(2) because the activity will not result in a direct or reasonably foreseeable indirect physical change in the environment, and because it is not a project as defined in CEQA Guidelines Section 15378, as it has no potential for resulting in a physical change in the environment, directly or indirectly. Additionally, or alternatively, the Ordinance is exempt from CEQA under CEQA Guidelines Section 15061(b)(3) because it can be seen with certainty that there is no possibility that this Ordinance or its implementation of the Amendments would have a significant effect on the environment, would not be detrimental to the public interest, health,

safety, convenience, or welfare of the City. The Ordinance is also exempt from CEQA pursuant to CEQA Guidelines section 15301 in that no new development or construction is authorized by the Ordinance and nothing in the Ordinance permits any expansion of use beyond the level of land uses already existing in the City. Single-family homes that are rented on a short-term basis will still be used as single-family homes and in a manner that is not substantially different from how they would be used if they were occupied by full-time residents or long-term renters. In addition, the Ordinance is exempt pursuant to CEQA guidelines sections 15307 and 15308 as an action taken to assure the maintenance, restoration, enhancement and protection of natural resources and the environment, in that requiring a short-term rental permit program that imposes standards related to water conservation, refuse management, noise, outdoor burning and emergency evacuation serves to further protect natural resources and the environment.

Section 4. Severability. If any section, subsection, sentence, clause, phrase or word of this ordinance is for any reason held to be invalid and/or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance.

Section 5. Effective Date. This ordinance shall take effect on the 31st day following its adoption and, upon its effective date, shall supersede Ordinance No. ORD-2023-008, adopted by the City Council on June 20, 2023.

This ordinance was introduced by the Council of the City of Santa Rosa on June 6, 2023.
