I'm curious if it makes sense to just annex this one very small piece of property in a much larger county island within Santa Rosa -- what does LAFCO think about this?

What will the General Plan designation and rezoning of this property be?

Appreciate your response.

Sonia

Hi Shelley, and all,

My apologies in the delay on updating you with the results from the sentiment survey. It appears no one else is interested in annexation but you can move forward on the annexation of the one parcel.

Best,

EXTERNAL

Hi Suzanne, I wanted to confirm you are the assigned Planner on this project. We thought LAFCO would be done with the survey on this application quite a while ago. We are also following up with Kasandra.

Once the Survey is completed, what is the process and timeline going forward?

Thanks for your help! Shelley

Hello Casey,

I reached out to Sonoma LAFCO for an update and they are still working on conducting the survey. Please feel to contact LAFCO directly at Kassandra.Bowen@sonoma-county.org.

Good morning Shelley,

I confirmed with LAFCO last week that a survey will need to be conducted this week to see if the surrounding parcels can be brought in on this annex. I will provide another update once I hear back from LAFCO about their survey results.

Thank you,
Suzanne
