The design and specific location of the fence shall be subject to approval by City, which approval will not unreasonably be withheld. Conditions of approval will include, but not be limited to, those listed on Attachment One. The District shall be solely responsible for the installation, maintenance, and costs associated with the fence.

- a. Gates and Locking Access. The District shall install one or more gates in the fence, which may be locked to restrict access to the Lower Meadow during school hours. The location and design of the gates shall be subject to approval by City, which shall not be unreasonably withheld. The general area and location of the proposed fence are shown on Attachment Two. The District shall be solely responsible for the installation, maintenance, and costs associated with the gates.
 - b. Maintenance, Operation, and Costs. The District agrees to maintain the fence and gates in good condition, including but not limited to repairs, upkeep, and any necessary replacements. The District shall bear all costs associated with the operation of the fence and gates, including any costs for unlocking and locking the gates outside of school hours.
 - c. Access by City and Public. The District shall ensure the gates are unlocked and accessible to the public on weekends and outside of school hours, and will be responsible for ensuring proper access control. The City acknowledges that the District will have exclusive use of the Lower Meadow during school hours and agrees that access by the public or City personnel to the Lower Meadow may be restricted when the gates are locked. The City retains the right to use the rest of the Joint Use Areas for public use in accordance with the Agreement.
 - d. Emergency Access. City shall be provided a copy of any key or combination necessary to access the Lower Meadow in the event of an emergency threat to safety or to City owned property. City shall make reasonable efforts to notify District of its intent to enter the Lower Meadow in the event of such an emergency.

together constitute one Amendment. Counterparts and/or signatures delivered by facsimile, pdf or City-approved electronic means have the same force and effect as the use of a manual signature. Both City and District wish to permit this Amendment to be electronically signed in accordance with applicable federal and California law. Either party to this Amendment may revoke its permission to use electronic signatures at any time for future documents by providing notice pursuant to this Amendment. The parties agree that electronic signatures, by their respective signatories are intended to authenticate such signatures and to give rise to a valid, enforceable, and fully effective Amendment. City and District reserves the right to reject any digital signature that cannot be positively verified by City or District as an authentic electronic signature.

7. Insurance. The District shall select the contractor for the construction of the fence. In addition to the District's requirements, the contractor shall endorse the City of Santa Rosa, its officers, agents, employees, and volunteers as additional insureds during the entire term of the construction agreement required for the completion of the fence.
8. Headings and Captions. The captions and headings appearing in this First Amendment have been inserted for the purpose of convenience and ready reference. They do not purport to and shall not be deemed to define, limit, or extend the scope or intent of the clauses to which they appertain.
