Please accept the enclosed documents for zoning approval of the FirstNet/AT&T Public Safety Facility-SROSA01/CCL02094-2715 Giffen Ave/APN 010-450-008-000. This request is for the zoning permit approval of a public safety facility.

This request is for an 80' monopine tower with a lightning rod, along with a 25' x 100' enclosed CMU compound lease area for collocation capacities, cabinet equipment and a 30kw diesel generator with above ground storage tank. Additional required documents have been submitted with this narrative and additional information can be given to the authority upon request.

This project is considered an Eligible Facility Request, per Section 6409 of the Spectrum Act. As the primary point of contact for the application, please let me know what else is needed to obtain approval in a timely and compliant fashion.

Thank you for your assistance.
