---

Hello,

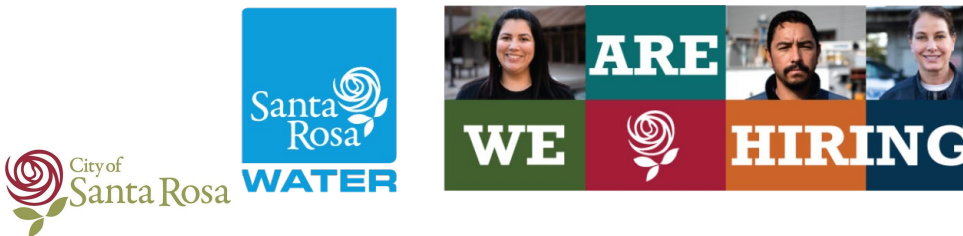

The account listed above has been disc for non-payment since 5/8/24 and the property checks have determined it is occupied. They have a well at the property and the last time we rec'd a well certification from them was in 2015 indicating that the well is for outdoor use only. We generally do not send the accounts that have a well to you guys but being that they last indicated it's for outdoor use only, would this need to be reported to your department, or no? Wasn't sure if this would make a difference.

Thank you,

**Maria Iniguez | Customer Service Representative**

Water Department | 90 Santa Rosa Avenue | Santa Rosa, CA 95404
