

Greenway Connectivity Study

July 14, 2026

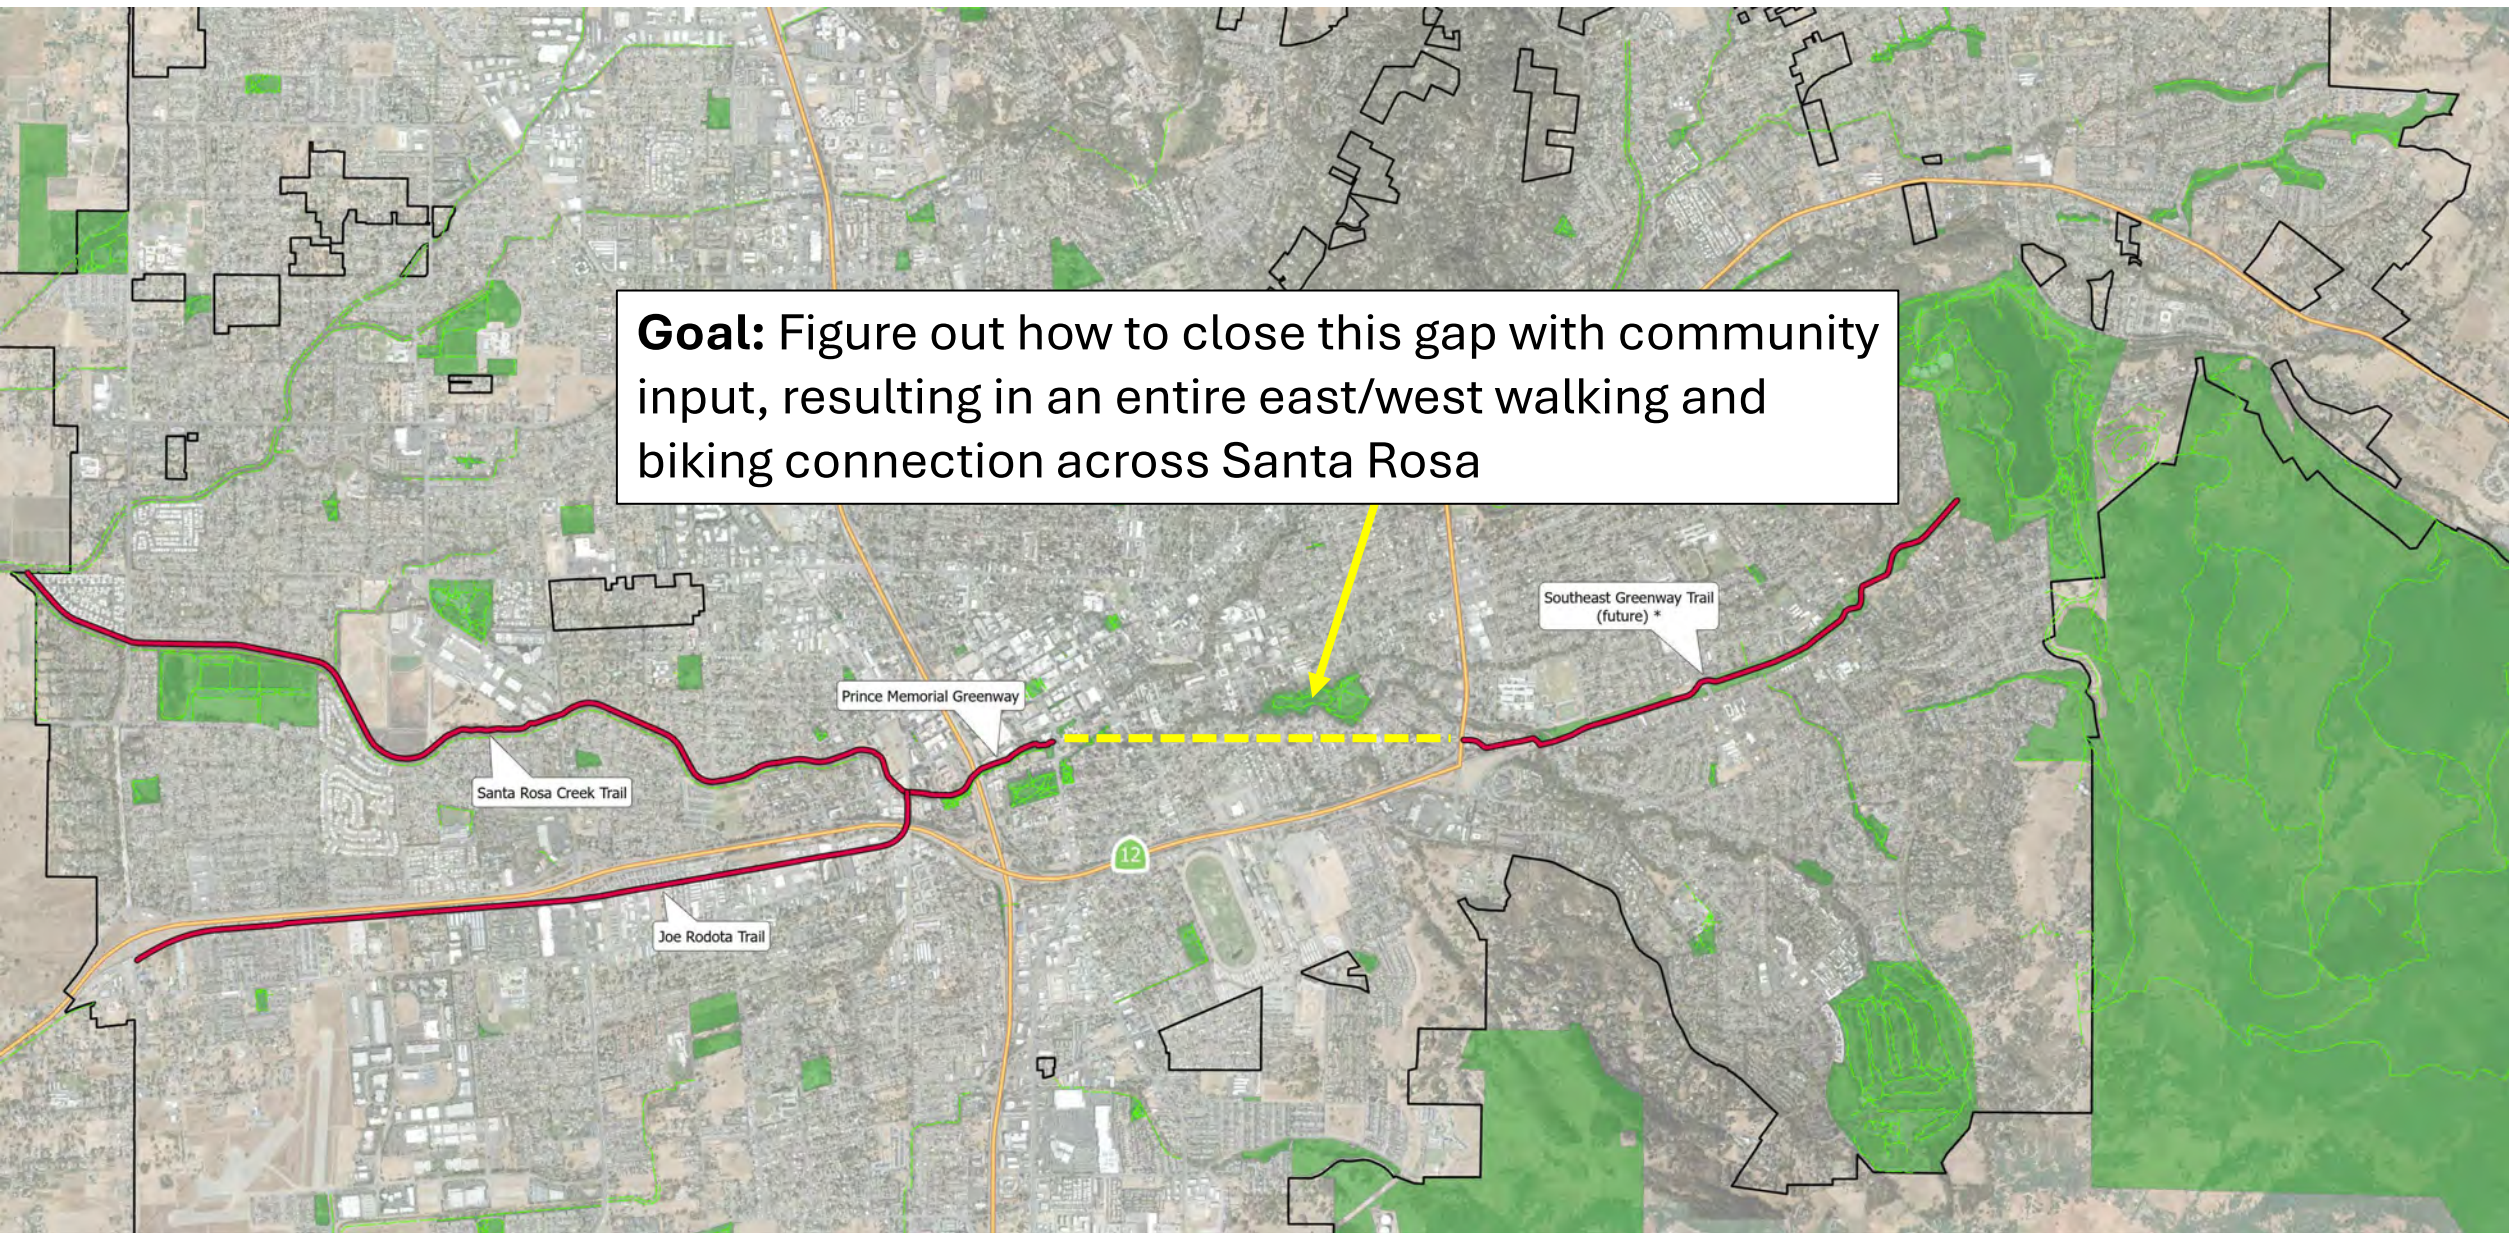

Transportation & Public Works

Torina Wilson
Transportation Planner

Issue to be solved: There is a walking/biking gap between the regional trails west of downtown and the future Southeast Greenway to the east of Montgomery High School

Goal: Figure out how to close this gap with community input, resulting in an entire east/west walking and biking connection across Santa Rosa

Three Project Alternatives

Sonoma Avenue Facing East

Doyle Park Facing East

Sonoma Avenue Parking Protected Bike Lane

Doyle Park

Vallejo Street Neighborhood Greenway
