Subject: [EXTERNAL] Stark fence replacement 2233 Grosse Avenue
Date: Sunday, February 8, 2026 11:55:54 AM

Dear Sachnoor:

Best I can tell, Mr. Stark built a non-code complying, and therefore illegal, fence and now seeks to make it legal(?). While I am concerned with none code complying construction that could adversely affect property values and/or the quality of life of its neighbors, this is certainly not that. It is a beautiful fence. I do believe that Mr. Stark should be required to reimburse the city for administrative costs such as staff time and mailing of notifications relative to the request.

Sincerely, Jeff Preston
